<b>Summary</b>

Council is asked to formally designate Minnivale Recreation Reserve (the Site) as a Rest Area, with clear conditions for camping and transient vehicle use. This will:

- Clarify permitted use and time limits.
- Support consistent enforcement by Ranger Services.
- Ensure compliance with the Caravan Parks and Camping Grounds Regulations 1997.

The proposal includes:

- Camping/RV stays limited to 2 nights / 48 hours in any 28-day period.
- Roadside rest area designation with a 24-hour maximum stay.
- Updated signage to communicate conditions, limitations, and enforcement.

## Background

An information item was presented to Council at the December 2025 Council Workshop to update on the matters affecting the 'Campgrounds' (the Site) located in Minnivale town site. The matters highlighted are persons camping and caravaning at the Site for lengths of times of up to a year, and/or parking up caravans permanently.

The Site has historically been used for long-term camping and permanent caravan parking. Some of these arrangements date back to the early 1990s and pre-date compliance with the current Caravan Parks and Camping Grounds Regulations 1997. As a result, current use conflicts with these Regulations, and Rangers face enforcement challenges due to the lack of formal designation and appropriate signage.

## Comment

The Environmental Health and Regulatory Officer presents this item to Council to provide clarity on the current Site restrictions and options for management. Key points include:

- The Site does not meet the requirements to be a licensed caravan and camping facility under the Caravan Parks and Camping Grounds Regulations 1997.
- Existing facilities are minimal and basic, and the Site is located in a bushfire risk zone. Any development into a licensed facility would require additional planning and mitigation.
- The tap water at the Site requires treatment before use and is not suitable for direct consumption.
- The best approach is for Council to provide a legal approval for camping on the Site under its management order and Local Planning Scheme No. 2.
- Camping would be limited to 2 nights / 48 hours in any 28-day period, suitable for transient self-contained caravans and recreational vehicles (RVs).
- The Site road reserve can also be designated as a 24-hour rest area, allowing Ranger Services to manage and enforce temporary stays.
- Attachment 12.1A outlines proposed signage, including:
  - Roadside rest area limits (24 hours)
  - Legal permission for camping/RV stays (2 nights / 48 hours)
  - Conditions, penalties, and Ranger patrol information
  - Directional and Wheatbelt Way signage updates
  - Non-potable water notices and alternative signage options

This approach will provide legal clarity, support consistent enforcement, and address current misunderstandings about the Site's status, while allowing safe, transient camping and rest area use.

Legislative Requirement

## Summary

This Item is presented For Council to consider endorsing the provision of a formal letter to the Office of the National Rail Safety Regulator (ONRSR) confirming Rail Heritage WA's effective management and control of the Minnivale Private Siding under the existing Memorandum of Understanding (MOU).

## Background

The Rail Heritage WA (ARHS WA Division) has been progressing registration of the Minnivale private siding with ONRSR. The process has been protracted due to regulatory interpretation issues, with ONRSR now requiring written confirmation from the Shire that Rail Heritage WA holds responsibility, management, and control of the siding, consistent with the current Memorandum of Understanding.

ONRSR requires a signed letter from an authorised Shire representative confirming that:

- Rail Heritage WA has effective management and control of the Minnivale Private Siding; and
- The current MOU is acknowledged and utilised as the operative agreement (lease-like arrangement) governing roles, responsibilities, and compliance.

## Comment

This action will enable completion of the ONRSR registration process and finalise the transfer of responsibility for the Minnivale Private Siding to Rail Heritage WA under the existing MOU. As outlined in the attached correspondence, this has been a longstanding and protracted matter for both the Shire and Rail Heritage WA, and issuing the requested confirmation letter will assist in finally resolving the matter.

Subject to Council endorsement, issuing the confirmation letter is considered a low-risk, pragmatic step that supports resolution of a longstanding matter, provides regulatory clarity, and does not expose the Shire to additional financial or asset management obligations beyond current arrangements.

 Cr Darrel Hudson, Shire President

### Summary

To commence the statutory review of the following local laws, which were gazetted in 2018 and are due for review under the *Local Government Act 1995 (WA)*:

- Dogs Local Law 2018
- Local Government Property Local Law 2018
- Parking and Parking Facilities Local Law 2018
- Waste Local Law 2018

### Background

Section 3.16 of the *Local Government Act 1995 (WA)* requires all local laws to be reviewed within an eight-year period after they commenced or were last reviewed, to determine whether they should be repealed, amended, or remain unchanged.

The Shire of Dowerin's local laws (Dogs, Property, Parking, Waste) were adopted and gazetted in 2018 and are now approaching the timeframe for eight-year review.

The statutory review of local laws, as required under section 3.16 of the *Local Government Act 1995 (WA)*, must be conducted through a formal process that includes giving local public notice of the intent to review, making copies of the local laws available for inspection, and inviting written submissions from the community over a minimum period of six weeks. Following the close of submissions, a review report is prepared outlining recommendations on whether each local law should be retained, amended, or repealed, and this report is then presented to Council for determination.

**Comment**

Commencing the statutory review of the Shire's local laws proactively allows the organisation to effectively plan time, resources, and budget for the upcoming financial year. This approach demonstrates strong governance and compliance practices, providing assurance that the Shire is managing its legislative responsibilities efficiently.
