Purpose of Report

Executive Decision Legislative Requirement

Summary

This item presents the Statement of Financial Activity to Council for the period ending December 2022 and January 2023.

Background

Section 6.4 of the *Local Government Act 1995* requires a local government to prepare financial reports.

Regulations 34 and 35 of the *Local Government (Financial Management) Regulations 1996* set out the form and content of the financial reports, which have been prepared and are presented to Council.

Comment

In order to fulfil statutory reporting requirements and provide Council with a synopsis of the Shire of Dowerin's overall financial performance on a year-to-date basis, the following financial information is included in the Attachment.

Statements of Financial Activity - Statutory Reports by Program and Nature or Type

The Statements of Financial Activity provide details of the Shire's operating revenues and expenditures on a year-to-date basis. The reports further include details of non-cash adjustments and capital revenues and expenditures, to identify the Shire's net current position.

Note 1 - Statement of Financial Activity

Notes supporting the Statement of Financial Activity by Program and by Nature and Type.

Note 2 - Cash and Financial Assets

This note provides Council with the details of the actual amounts in the Shire's bank accounts and/or investment accounts as at the reporting date.

Note 3 - Receivables

This note provides Council with both Rates Receivables and General Receivables outstanding as at the reporting date. This report has been expanded to further break down the detail of General Receivables.

Note 4 - Other Current Assets

This note provides details of other current assets that the Shire may hold.

Note 5 - Payables

This note provides details of Shire payables unpaid as at the reporting date. This Note is new to the financial statements.

Note 6- Rate Revenue

This note provides details of rates levied during the year.

Note 7 - Disposal of Assets

This note gives details of the capital asset disposals during the year.

Note 8- Capital Acquisitions

This note details the capital expenditure program for the year.

Note 9 -Borrowings

This note shows the Shire's current debt position and lists all borrowings.

Note 10 - Cash Backed Reserves

This note provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a year-to-date basis.

Note 11 - Other Current Liabilities

This note outlines any provisions the Shire has on hand relative to other current liabilities.

Note 12 - Operating Grants and Contributions Received

This note provides information on operating grants received.

Note 13 - Non-Operating Grants and Contributions Received

This note provides information on non-operating grants received.

Note 14 - Explanation of Material Variances

Council adopted (in conjunction with the Annual Budget) a material reporting variance threshold of 10% or \$10,000, whichever is the greater. This note explains the reasons for any material variances identified in the Statements of Financial Activity at the end of the reporting period.

Purpose of Report

Executive Decision Legislative Requirement

Summary

The Shire of Dowerin recalcitrant Rates Debtors report for December 2022 details assessments not paying on an arrangement, with a previous year’s balance of more than \$100.

Background

It is considered best practice for Council to have less than 4% (roughly \$55,000) of the rates levied outstanding at the end of the financial year. The Council did not achieve this due to several assessments holding large debts.

Comment

As at the end of the December 2022 quarter, the Shire of Dowerin’s recalcitrant list of properties shows 18 properties with outstanding rates for previous financial years totaling \$107,433.73.

Within the 18 properties, 5 with a total of \$67,230.54 are included in the Estimated Credit Loss provision, to be seized and sold. Most of the debt is due to no direct beneficiary. The process in the recovery of debt is currently underway for 1 property previously approved by council. Further 3 properties will be monitored and reported to council at a later date for approval, as part of the 3-year rule on the recovery of debt.

Administrative processes are in place to ensure properties are updated on the rating system with correct and relevant contact details of owners that has resulted in frequent contact and payments being made.

As per the Local Government Act 1995, local governments are required to recover rates. By taking no action will be a breach of the *Local Government Act 1995*.

6.57. *Non-compliance with procedure in Act not to prevent recovery of rate or service charge.*
In proceedings by or on behalf of a local government for the recovery of an amount due in respect of a rate or service charge, failure by the local government to comply in respect of the rate or service charge with the provisions of this Act, is not a defence, if it appears that it had the power to impose, and did in fact assent to the imposition of, the rate or service charge.

Statutory Implications

The Shire of Dowerin Dogs Local Law 2018 and Part 5 Section 26 of the *Dog Act 1976* are applicable.

Clause 3.2(2)(b) of the Dogs Local Law only permits the keeping of four dogs over the age of three months if the premises is situated outside a townsite. However, Section 26(3) of the *Dog Act 1976* enables a local government to grant an exemption in respect of the numbers of dogs permitted to be kept at a residence. Such an exemption may be made subject to conditions, including a condition that it applies only to the dogs specified in the exemption.

That, in accordance with Section 26(3) of the *Dog Act 1976*, Council approves the application to house three dogs at 3/13 Stacy Street, Dowerin with the following conditions:

1. The approval being placed on the condition that the dogs do not prove to be a nuisance (to the satisfaction of Council) to adjoining or adjacent neighbours in terms of barking, aggressive behaviours and/or wandering.
2. The exemption applies only to the three (3) dogs stated on the application. Once any of the dogs are deceased, sold or otherwise disposed of, the exemption for that particular dog ceases to have effect.
3. The exemption will cease to have effect on the date of any conviction for an offence relating to *The Dog Act 1976* in respect of any of the dogs, or any person in charge of those dogs.
4. The subject property must be kept clear of all animal excreta using proper disposal methods.
5. Adequate cover and protection are always to be available to the dogs.

- 6. The dogs are to be adequately confined in accordance with Section 3.1 of the Shire of Dowerin Dogs Local Law.**
- 7. Access to the property is to be given to a Shire Officer for an annual inspection, or more regularly if the Shire so determines. Each inspection will be charged in accordance with the adopted Schedule of Fees and Charges.**
- 8. A self-watering drinking device is to be installed in the house yard so that fresh clean water is always available.**

Summary

This Item presents a project support proposal to provide financial assistance for the Dowerin Wylie Football Club (DWFC) to Council for consideration and, if satisfactory, adoption.

Background

The President of the Football Club met with the CEO to discuss presenting a proposal to Council to assist financially with the replacement of the AFL football goals located at the Dowerin Recreation Precinct.

Comment

The DWFC propose a funding arrangement of one third contribution from Shire of Dowerin, Dowerin Events Management and the DWFC. The current goals are damaged and outdated and therefore are seeking to replace with AFL standard goals. The new goals will be removeable, therefore providing flexibility for other users and/or events.

Quotes have been received and the favourable quote is for \$8,085.00. This quote was the cheapest received and preferable as they are a West Australia based company. If Council decides to support this proposal, the contribution would be \$2,695.00.

The Memorandum of Understanding between the Shire of Dowerin and the Dowerin Wylie Football Club outlines that the maintenance and replacement of the goals posts will be shared between both parties. The Dowerin Wylie Football Club is responsible for the maintenance and renewal of the goal pads.

Purpose of Report

Legislative Requirement

Summary

This Item presents the fee amendment for the dry hire of the Shire of Dowerin's 12M Grader to Council for consideration and, if satisfactory, adoption.

Background

Council at its Ordinary Meeting held on 20 December 2022 (CMRef 0711) ratified to introduce a daily dry hire rate for the Shire of Dowerin's mobile plant and equipment. It was brought to management's attention that the incorrect day rate of \$450.00 had been reported to Council for the 12M Grader. This should have in fact been \$550.00.

Under Section 6.19 of the *Local Government Act 1995*, Councils are required to give local public notice if it wishes to impose any new fees or changes after the budget has been adopted. This item brings a recommendation from Management before Council to give local public notice of the fee amendment for the dry hire of the Shire of Dowerin's 12M Grader.

Comment

Due to the decision to contract the road construction and grader programs, there is an opportunity to dry hire under utilised plant. To enable dry hire an appropriate hire rate needs to be included in the 2022/23 Fees and Charges.

The following recommended dry hire fee is based on current market rates:

PLANT	DAY RATE Ratified 20/12/22	AMENDED DAY RATE

Summary

This item presents the plant and light fleet replacement program 2023-2024 to Council for consideration and, if satisfactory, adoption.

Background

Due to the implementation of the organisation re-structure and the current volatile plant and light vehicle market, the changeover of the Asset and Works vehicles were not included in the 2022-23 Budget.

It was requested during budget deliberations by Councillors if plant and motor vehicle changeovers could be referred to the Asset and Works Committee for consideration prior to purchase.

Comment

A quotation for the changeover of the light trucks was presented to the Asset & Works Committee at its February meeting. This initial quote from Hino has been revised and included in the attachments.

Hino has contacted the Shire of Dowerin advising that availability of the chosen light trucks can be delivered in April, therefore staff have proceeded to seek another two quotes to comply with procurement policies. A summary of the quotations ex GST are as follows:

DEALERSHIP	PURCHASE PRICE	TRADE IN	LEAD TIME
Hino - 300 Series	\$81,359.09	\$31,000	April 2023
Hino - 500 Series	\$108,699.99	\$32,000	April 2023
Major Motors	\$99,760.00	Trade quote not available	12 months
Major Motors	\$76,840.00	Trade quote not available	12 months
Major Motors	\$97,220.00	Trade quote not available	12 months

Daimler Trucks	\$73,379.46	Trade quote not available	April 2023
Daimler Trucks	\$120,469.33	Trade quote not available	TBC on Order

It is recommended that the price provided by Hino is accepted due to supply and suitability of light trucks.

Summary

This Item presents the 2022/2023 Annual Budget Review to Council for consideration and, if satisfactory, adoption.

Background

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires local governments to conduct a budget review between 1 January and 31 March in each financial year. A copy of the review and determination is to be provided to the Department of Local Government, Sport and Cultural Industries (DLGSC) within 30 days of the adoption of the review.

Comment

The original 2022/2023 Budget was adopted by Council at its Ordinary Meeting on 2 August 2022 (CMRef 0638).

The Office of the Auditor General (OAG) provided the Shire of Dowerin with its final 2021/2022 Annual Financial Report on 06 December 2022 that resulted in less opening funds of \$237,723 than predicted when adopting the Budget for 2022/2023. This reduction is due to the timing of the receipt and accounting recognition of revenue relating to grant funded works.

The Budget Review process for 2022/2023 has commenced on time with a more robust review process.

In the process of finalising the budget review, the Statement of Budget Review has resulted in a further improvement on the adopted budget by \$178,639. During the year Council approved \$50,000 to be transferred from reserves for works on the sewerage infrastructure. This has resulted a reduction in reserves by this amount, therefore, the net movement to reserves will be \$128,639 in addition to the original adopted budget net value to reserves of \$379,677 making a total of \$508,316 to be transferred to reserves. The explanation to the major variances is summarised in the below table and in detail in the notes of the Budget Review Report period ending 31 January 2023.

The Statement of Financial activity remains to provides a balanced budget.

<u>Budget Program</u>	<u>Adopted Budget</u>	<u>Revised Budget</u>	<u>Variance</u>	<u>Variance Reason</u>
Fees and Charges	\$669,810	\$746,650	\$76,840	Increased Standpipe and Private Works Income.
Op. Grants, Subsidies & Contributions	\$1,252,739	\$1,521,024	\$268,285	Increased Financial Assistance Grants \$419k, reduced Aged Care and Welfare Grants \$175k.
Employee Costs	\$1,796,711	\$1,501,526	(\$295,185)	Reduced employee costs due to reduction in admin and Aged Care costs.
Materials & Contracts	\$1,651,443	\$1,758,681	\$107,238	Harbour Software, Events and Parts & Repairs.
Capital Revenue (Non-Operating Grants)	\$3,470,765	\$3,850,259	\$379,494	Increased in Roads Grants.
Capital Revenue (Proceeds from Disposal of Assets)	\$121,000	\$209,500	\$88,500	Trade-in x2 Hino Trucks and Sale x2 Utes
Capital Expenses (Infrastructure Assets Roads)	\$3,710,766	\$4,055,890	\$345,124	WSFN Projects will be offset to the increased in Roads Grants.
Capital Expenses (Plant & Equip)	\$62,000	\$280,059	\$218,059	New Slasher and 2x Hino Trucks
Transfer to Reserves	\$482,238	\$660,877	\$178,639	Surplus of funds due to this review are transferred to reserves.
Transfer from Reserves	\$102,561	\$152,561	\$50,000	Funds for replacement sewerage pumps for sewerage infrastructure.
Opening Funding Surplus (Deficit)	\$1,251,657	\$1,013,934	(\$237,723)	The opening surplus was lower than budgeted due to revenue relating to grant funded projects received in FY23 that was unspent (LRCIP & Blackspot) being moved from revenue to liability as per the new AAS. These funds are recognised as additional revenue in this budget review.

During the budget review process, management has identified and recommended additional capital expenses that have been funded from the surplus. These are listed below and included in Note 6 'Capital Acquisitions' on pages 18 and 19 of the Budget Review Report:

- Football Goal Post Replacement
- Shade Sails for Centenary Park
- Sewerage Pump Repairs
- New Slasher
- Acquisition/disposal of two Hino trucks

There are other variances that are of a minor nature and have been funded from the surplus from this review. These are commented in the attached Budget Review Report from note 4 on pages 8 to 11.

With all budget amendments that have been carried out from this review, they are captured in note 5 on pages 12 to 16 with comments on variances greater than \$10,000.

Summary

This Item presents the reviewed and proposed Council related policies to Council for consideration and, if satisfactory, adoption.

Background

At its November 2019 meeting Council considered a major review of the 2007 Policy Manual where a significant portion of the manual was rescinded. One of the sections recommended to be retained at that time related to Council itself. The purpose of this was to enable a full review of the policies to be undertaken with the aim to develop an up to date and relevant suite of policies relating to Council and Council Members. This review resulted in the Policy manual currently utilised by the Shire.

Council at its February Workshop reviewed and discussed the current Council policies and are presented for ratification.

Comment

The results of the review propose some amendments to the policies contained within the current Policy Manual. These are included as an Attachment.

The amendments are written in red text, with the strikeout text showing the proposed deletions. Black text indicates the wording currently contained in the policy. Further comment on the amendments is detailed below:

Policy	Comment
2.1 – Related Parties Disclosure	Position titles amended to align with current organisation structure. A document control box added.
2.2 – Risk Management	Policy was reviewed in 2022, only requires amending the AS to reflect the correct standard. Document Control box added.

Summary

This item seeks Council resolution to declare the Electoral Commissioner be responsible for the Local Government Ordinary Election by a Postal Election.

Background

Local government ordinary elections are held on the third Saturday in October every two years. The next local government ordinary election will be held on 21 October 2023.

Councillors are elected for terms of four years in Western Australia. Elections are held every two years for half of the Council, and candidates are elected using the first past-the-post voting system. If a vacancy occurs within a term, an extraordinary election is held.

The Electoral Commissioner is responsible for conducting all local government postal elections in Western Australia. By making the Electoral Commissioner responsible for this election, the Shire can ensure that the election is conducted independently and with impartiality.

Postal elections are more convenient for many electors and typically result in a higher rate of voter participation than in person ballots.

For postal elections, all eligible electors will receive a postal voting package around three weeks prior to polling day. The package will include a list of candidates, ballot papers, instructions on how to vote and a declaration.

Comment

The Shire of Dowerin has obtained written agreement from the Electoral Commissioner to be responsible for the conduct of the ordinary elections in 2023, together with any other elections or polls that may also be required. This agreement is subject to the proviso that the Shire of Dowerin also wishes to have the election undertaken by the Western Australian Electoral Commission as a postal election and is ratified by Council.

Summary

This Item presents the Integrated Strategic Plan & Reporting (ISP) Quarterly Monitoring Review for January 2023 to Council for consideration and, if satisfactory, adoption.

Background

The Shire of Dowerin has embedded an IPR into the “business as usual” of the organisation and have achieved a good standard of practice. This document sets out the key points of the IPR cycle.

A major Strategic Review is undertaken every four years and is aligned with electoral cycles. The Shire of Dowerin’s second major Strategic Review was carried out in 2020/21 with the new year 1 being 2021/22. The major review integrated the Strategic Community Plan and Corporate Business Plan and this form the elements of the IPR Framework.

Comment

The ISP is reviewed in May each year, in conjunction with the annual budget deliberation process, with reporting on operational progress quarterly, ensuring that the Shire of Dowerin is working towards implementation and achievement.

It is important for the Shire to be able to measure and monitor success of initiatives to deliver on the strategies and aspirations detailed in the ISP. The Shire of Dowerin is committed to reviewing internal and external reporting mechanisms to ensure the organisation is aligning its priorities and delivering on its commitments.

Progress reporting is carried out quarterly utilising the traffic light system to identify progress against identified priorities detailed in the ISP. The quarterly report is to be shared via a Council Item and on the Shire website. In addition, results will be formerly communicated to the community annually via the legislated end of year financial year Annual Report.

The Integrated Strategic Plan Quarterly Monitoring Review - January 2023 is presented to Council for its perusal.

In this review a traffic light colour system has been implemented to indicate progress.

Red = not commenced, Amber = In progress and Green = completed.

The quarterly update comment has been updated. Council should refer to this for the up-to-date status.

Summary

This item presents the Statement of Financial Activity to Council for the period ending November 2022.

Background

Section 6.4 of the *Local Government Act 1995* requires a local government to prepare financial reports.

Regulations 34 and 35 of the *Local Government (Financial Management) Regulations 1996* set out the form and content of the financial reports, which have been prepared and are presented to Council.

Comment

In order to fulfil statutory reporting requirements and provide Council with a synopsis of the Shire of Dowerin's overall financial performance on a year-to-date basis, the following financial information is included in the Attachment.

Statements of Financial Activity - Statutory Reports by Program and Nature or Type

The Statements of Financial Activity provide details of the Shire's operating revenues and expenditures on a year-to-date basis. The reports further include details of non-cash adjustments and capital revenues and expenditures, to identify the Shire's net current position.

Note 1 - Statement of Financial Activity

Notes supporting the Statement of Financial Activity by Program and by Nature and Type.

Note 2 - Cash and Financial Assets

This note provides Council with the details of the actual amounts in the Shire's bank accounts and/or investment accounts as at the reporting date.

Note 3 - Receivables

This note provides Council with both Rates Receivables and General Receivables outstanding as at the reporting date. This report has been expanded to further break down the detail of General Receivables.

Note 4 – Other Current Assets

This note provides details of other current assets that the Shire may hold.

Note 5 – Payables

This note provides details of Shire payables unpaid as at the reporting date. This Note is new to the financial statements.

Note 6- Rate Revenue

This note provides details of rates levied during the year.

Note 7 – Disposal of Assets

This note gives details of the capital asset disposals during the year.

Note 8- Capital Acquisitions

This note details the capital expenditure program for the year.

Note 9 – Borrowings

This note shows the Shire's current debt position and lists all borrowings.

Note 10 – Cash Backed Reserves

This note provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a year-to-date basis.

Note 11 – Other Current Liabilities

This note outlines any provisions the Shire has on hand relative to other current liabilities.

Note 12 – Operating Grants and Contributions Received

This note provides information on operating grants received.

Note 13 – Non-Operating Grants and Contributions Received

This note provides information on non-operating grants received.

Note 14 – Explanation of Material Variances

Council adopted (in conjunction with the Annual Budget) a material reporting variance threshold of 10% or \$10,000, whichever is the greater. This note explains the reasons for any material variances identified in the Statements of Financial Activity at the end of the reporting period.

Summary

This item is presented to Council for consideration of the Long-Term Financial Plan (LTFP), which will be used to ensure linkages between the system's asset management functions and the Long-Term Financial Plan (LTFP) are accurately recorded, and if satisfactory, adoption.

Background

In 2011, the Department of Local Government introduced the Integrated Planning and Reporting (IPR) Framework to encourage a movement towards best practice strategic planning and reporting standards across the Western Australian local government industry.

The existing LTFP was adopted by Council in 2018.

The Long-Term Financial Plan (LTFP) is a ten-year rolling plan that informs and activates the IPR priorities. From these planning processes, Annual Budgets that are aligned with strategic objectives can be developed.

The LTFP indicates the Shire's long term financial sustainability, allows early identification of financial issues and their longer-term impacts, shows the linkages between specific plans and strategies, and enhances the transparency and accountability of the Council to the community.

Comment

The Shire of Dowerin's LTFP is a planning tool that has been developed to map and forecast the management and financial sustainability of the Shire's Infrastructure and Assets into the future. The LTFP provides a mechanism for determining financial projections for a ten-year forecast period.

The LTFP has been prepared based on a number of objectives and assumptions that is outlined in the document. Strategies, issues and risks are all dynamic influences in relation to any planning and as such, the LTFP will be reviewed and adjusted annually to reflect material changes.

It should be noted that the LTFP should be viewed as a rolling document. Its purpose is to be used in conjunction with the Shire's AMP on a rolling basis.

Purpose of Report

Executive Decision

Legislative Requirement

Summary

This Item presents a request for financial support from Dowerin District High School (DDHS) to Council for consideration and, if satisfactory, adoption.

Background

At its February 2019 meeting Council considered a request from DDHS to waive the entry fees to the Dowerin Memorial Swimming Pool and resolved (Item 10.1.7):

“That Council, by Absolute Majority pursuant to Section 6.12 of the Local Government Act, resolves to support the Dowerin District High School by allowing free entry for participants and spectators to utilise the Dowerin Memorial Swimming Pool for a three (3) year period commencing in 2019 for swimming lessons, swimming trials, swimming carnivals and cadet training.”

This resolution was in line with similar support provided by the Shire in previous years.

Comment

In anticipation of the 2023 school year, and to enable the true cost of such support to be identified and appropriately recorded for audit and transparency purposes, it is preferred that all requests for support be identified as one request. Therefore, correspondence was sent to DDHS requesting information on all the Shire owned services and facilities it anticipated utilising for its various scheduled events. The DDHS have replied to that correspondence and this is included as an Attachment.

It is important to note that in some circumstances there is no fee included in Council’s Schedule of Fees and Charges for the hire of some facilities (such as the oval), as is the case in many other local governments. However, even without an applicable hire fee, a cost is still incurred by Council through the use of the facility by needing to have the facility cleaned after each use (such as the changerooms etc). Where the Schedule of Fees and Charges does not have a hire fee applicable, this cleaning cost is the dollar amount used in the spreadsheet.

Past discussions at its Workshop Council acknowledged that education is a responsibility of the State Government and as such the DDHS would receive funding to carry out its necessary functions and activities. However, Council also appreciates the valuable and important service the DDHS provides in our community and notes there are many excellent initiatives and activities undertaken

for the benefit of our children. Therefore, any support provided by Council may consequently enable some additional initiatives to be fully realised.

It should be noted that Council has provided this level of support to the DDHS historically for some years, irrespective of its February 2019 resolution. The purpose of this exercise was to identify the true cost of the support provided, document that support for audit and transparency purposes, and to provide staff with clarity and timelines around what support will be provided and what is excluded. It also enables the DDHS to budget and plan appropriately over a number of years, as opposed to revisiting a support request each year.

- (1) *Subject to subsection (2) and any other written law, a local government may –*
- (a) *when adopting the annual budget, grant* a discount or other incentive for the early payment of any amount of money; or*
 - (b) *wave or grant concessions in relation to any amount of money; or*
 - (c) *write off any amount of money,*
- which is owed to the local government.*

- (2) *Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.*
- (3) *The grant of a concession under subsection (1)(b) may be subject to any conditions determined by the local government.*
- (4) *Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power.”*

Risk Implications

There is a certain risk of Council losing revenue should the support proposal be accepted. However, should Council not provide the support there is a risk the events run by DDHS will either be reduced or not occur at all, and potentially that any additional initiatives will not occur as the DDHS spends its core funding on providing the services and events included in the support request.

Summary

This Item presents the introduction of a new fee for the dry hire of the Shire of Dowerin's mobile plant and equipment to Council for consideration and, if satisfactory, adoption.

Background

Under Section 6.19 of the *Local Government Act 1995*, Councils are required to give local public notice if it wishes to impose any new fees or changes after the budget has been adopted. This item brings a recommendation from Management before Council to give local public notice of the introduction of a new fee for the dry hire of the Shire of Dowerin's mobile plant and equipment.

Comment

Due to the decision to contract the road construction and grader programs, there is an opportunity to dry hire under utilised plant. To enable dry hire an appropriate hire rate needs to be included in the 2022/23 Fees and Charges.

The following recommended dry hire fee is based on current market rates:

PLANT	DAY RATE
Smooth Drum Roller	\$230.00
Multi Tyre Roller	\$230.00
Loader 938H	\$430.00
Grader 120M	\$500.00

Summary

This Item presents the reviewed and proposed Council and Council Member related policies to Council for consideration and, if satisfactory, adoption.

Background

At its November 2019 meeting Council considered a major review of the 2007 Policy Manual where a significant portion of the manual was rescinded. One of the sections recommended to be retained at that time related to Council itself. The purpose of this was to enable a full review of the policies to be undertaken with the aim to develop an up to date and relevant suite of policies relating to Council and Council Members. This review resulted in the Policy manual currently utilised by the Shire.

Council at its November Workshop reviewed and discussed the current Council and Council Member policies and are presented for ratification.

Comment

The results of the review propose some amendments to the policies contained within the current Policy Manual. These are included as an Attachment.

The amendments are written in red text, with the strikeout text showing the proposed deletions. Black text indicates the wording currently contained in the policy. Further comment on the amendments is detailed below:

Policy	Comment
1.1 & 1.2	A document control box has been introduced and as policies are reviewed will be applied to all policies.

1.3 Councillor Attendance at Conferences, Seminars, Training Courses and Meetings	Amended to align with current practices. Document Control box added.

Summary

This Item presents Policy 7.9 Work Health Safety Policy to Council for consideration and, if satisfactory, adoption.

Background

The Work Health Safety Policy (WHS Policy) is a cornerstone of an effective Work Health Safety Management System and sets out the overall WHS objectives and principles that the Shire of Dowerin will observe in relation to the management of Work Health Safety.

The previous Occupational Safety, Health and Environmental (OSHE) Policy was adopted by Council in September 2021 (CMRef 0491). With the implementation of the new *Work Health Safety Act 2020* in March 2022 and the OSHE Policy is required to be reviewed and endorsed on an annual basis, it is now due for adoption.

Comment

This Policy was developed by LGIS to ensure Council's compliance with the requirements of the *Work Health Safety Act and Regulations*. This policy provides Councillors, the CEO, staff, contractors and volunteers with clear direction and understanding of the Shire of Dowerin's responsibilities in terms of implementing an effective Work Health Safety Management System.

Minor changes to the policy include the endorsement of this policy by the Chief Executive Officer, referencing the *Work Health Safety Act 2020 and Regulations* and the document control.

Summary

This Item presents a review of the Shire of Dowerin's Delegations Register to Council for consideration and, if satisfactory, adoption.

Background

It is a requirement of the *Local Government Act 1995* to review the Delegation Register annually. Council adopted a comprehensive review of its Delegations Register at its June 2020 Meeting (CMRef 0214).

Subsequently, the Shire of Dowerin's Delegation Register has been reviewed and is presented to Council for consideration.

Comment

The proposed amendments to the delegations bring them into alignment with current Council policies and factor in the position amendments from the recent organisation restructure.

By including these in the delegations it ensures that the use of the delegated authority is captured and provides transparency to Council and the community on the authority being exercised by staff.

Section 5.42 of the *Local Government Act 1995* states that a number of the local government's powers and duties can be delegated to the CEO. Section 5.43 details the limitations on those delegations. Section 5.44 states the CEO may delegate powers and duties to other employees. The review has been conducted within these legislative requirements.

An Absolute Majority decision of Council is required to adopt the Delegations Register.

The separate legislation referenced in the individual delegations is also applicable.

Section 2.7(2)(b) of the *Local Government Act 1995* is applicable and states:

"2.7. Role of council

Summary

The Western Australian Local Government Association (WALGA) is seeking feedback from local governments on its Best Practice Governance Review. This is an opportunity to review and reshape the governance model, where necessary, so that WALGA is well-placed to represent, respond and deliver outcomes for their members

Background

WALGA has, as a part of its Corporate Strategy 2020-25, identified a key strategic priority, to undertake a Best Practice Governance Review. The objective of the review is to ensure WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members. Other drivers for the review include:

- Misalignment between key governance documents; Constitution, Corporate Governance Charter, State Council Code of Conduct, and Standing Orders - stemming from varying amendments;
- State Council's 3 September 2021 resolution requesting amendment to the Constitution to "deal with matters related to State Councillors' Candidature for State and Federal elections";
- Proposed legislative reforms to remove WALGA from being constituted under the *Local Government Act 1995* (WA); and
- Constitutional requirements for WALGA to become a registered organisation under the *Industrial Relations Act 1979* (WA), which would enable WALGA to make applications in its own right to the Western Australian Industrial Relations Commission.

In March 2022 WALGA's State Council commissioned the Best Practice Governance Review (BPGR) and established a Steering Committee to guide the Review. The BPGR Steering Committee had its first meeting on 5 May 2022. There was wide-ranging discussions regarding WALGA's current governance model, better membership engagement, and opportunities for change. At the meeting, five (5) comparator organisations were identified to be used as part of the comparative analysis. The subsequent Steering Committee meetings focused on the development of governance model principles.

WALGA has presented 5 governance model options:

- Option 1 – Two tier model, existing zones;
- Option 2 – Board, regional bodies;
- Option 3 – Board, amalgamated zones;
- Option 4 – Member elected board, regional groups; and
- Option 5 – current model

Comment

WALGA’s Corporate Strategy 2020-2025 identifies its governance model as a key enabler of performance, with the following description: “*We have contemporary governance and engagement models.*” Member and stakeholder feedback from a range of sources over several years has highlighted dissatisfaction with the current governance model. Specifically:

- Structure – WALGA’s governance structure is seen by members and stakeholders as creating roadblocks, hindering decision-making, and holding WALGA back;
- Responsiveness – there is a perception among members and stakeholders that WALGA’s governance model is slow and bureaucratic in an environment that requires agility;
- Prioritisation and Focus – members and stakeholders acknowledge the challenges of developing unified Local Government policy positions and advocacy priorities given the diversity of Local Government sector interests;
- Transparency and Accountability – feedback from members and stakeholders suggests that WALGA should be more transparent about its decision-making processes; and
- Zones – Feedback from members and stakeholders in relation to Zones and Zone meetings is mixed. A proportion of WALGA’s membership believes that Zones are not as representative, strategic nor effective as they potentially could be.

The following principles were endorsed at the State Conference Annual General Meeting which was held on 2 October 2022.

- Representative – WALGA unites and represents the entire Local Government sector in WA and understands the diverse nature and needs of members, regional communities and economies;
- Responsive – WALGA is an agile association which acts quickly to respond to the needs of members and stakeholders; and
- Results Oriented – WALGA dedicates resources and efforts to secure the best outcomes for Local Government and supports the delivery of high-quality projects, programs and services.

WALGA is now seeking formal feedback by 23 December 2022, via a Council decision, on governance model options as presented in the Consultation Paper.

In addition, WALGA will be undertaking independent consultations from CEOs and Elected Members.

Below are the 5 options, including the current model, with details of each of their key governance bodies.

Option 1 – Two tier model, existing Zones	Option 2 – Board, Regional Bodies	Option 3 – Board, Amalgamated Zones	Option 4 – Member elected Board, Regional Groups	Option 5 – Current Model
Board (11 members) 8 elected from Policy Council, incl. Board elected President Up to 3 independents	Board (11 members) 8 elected from Regional Bodies, incl. Board elected President Up to 3 independents	Board (15 members) 12 elected from Zones, incl. Board elected President Up to 2 independents	Board (11 members) 8 elected via direct election, incl. Board elected President Up to 3 independents	State Council (25 members) 24 State Councillors 1 President
Policy Council (25 members) 24 members plus President	Regional Bodies (4 metro, 4 country)	Zones (6 metro, 6 country)	Policy Teams / Forums / Committees	Zones (5 metro, 12 country)
Zones (5 metro, 12 country)	Policy Teams / Forums / Committees	Policy Teams / Forums / Committees	Regional Groups	Policy Teams / Forums / Committees

Attachment 2, pages 15-19 illustrate the distinctions of each Option.

Option 5, the status quo, current model provides the clearest reference point upon which to try and best judge the other four (4) options. It is perhaps very subjective therefore how one can assess alternate options or models. However, given WALGA is asking local governments to provide feedback on which Option might suit Dowerin's needs (as a member) and the needs of WALGA moving forwards, the following subjective comments / observations are provided for assisting debate from the sole perspective of the Chief Executive Officer and the Council Working Group:

- WALGA represents 139-member local governments, whose size, scale, location and diversity is very extreme. For this reason, it is often difficult to obtain a view on some issues that is 'acceptable' to all. That is the primary reason WALGA has always had an equal representation from metropolitan based local governments versus non (Country), with the President alternating from year to year. Notwithstanding going against the principles of one vote one value.
- WALGA originally (2001) was formed from the merger of the Western Australian Municipal Association, Country Shire Council's Association and the Local Government Association of WA and Country Urban Councils Association.
- Option 5 is known and whilst cumbersome, represents the best way of the diversity of viewpoints across the State and size and scale of local governments.
- Sometimes there is safety in the known compared to the unknown.
- The existing Option is sometimes frustrating and time consuming and lengthy to get to an agreed perspective but could be argued can provide a more balanced view given the diversity of members.
- Options 1, 2, 3 and 4 all introduce the concept of a Board (elected still) and between two (2) to three (3) independent Board Members. This might add cost but also add 'value' and professional viewpoints (accountant, lawyer etc).
- Options 1 and 5 retain the current zones. That might be relevant as an issue given likely travel times and distance, compared to the other Options, which would probably result in the tendency to use teleconference as opposed to face to face and meet less frequently?
- WALGA Consultation Paper (Attachment 2) notes that the Options meet the Principles as follows (highlighting arguably WALGA's position that there is an argument for change):
 - Option 1 score of 8/10
 - Option 2 score of 8/10
 - Option 3 score of 7/10
 - Option 4 score of 7/10
 - Option 5 score of 4/10

In summary, it could be argued that local governments do not utilise or see value in zones for many years. Tending to go directly with an issue, given the diversity and clumsiness of the zone and board system of the current model.

What has worked well, from the view of the Chief Executive Officer and Council Working Group, is advocacy as for a sector for many years, particularly given the complexity and diversity of its members perspectives and needs.

Consultation

WALGA are seeking feedback from all Western Australian local governments.

Council Workshop November 2022

Council Working Group Meeting (informal arrangement) December 2022

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Statutory Implications

Proposed Legislative reforms could also impact WALGA's governance arrangements.

- The Minister for Local Government's reforms to the *Local Government Act 1995* proposes to remove WALGA from being constituted under the Local Government Act.
- A review of WA's *Industrial Relations Act 1979* provides an opportunity for WALGA to be constituted as a registered employer organisation, which would enable WALGA to make applications in its own right on behalf of the sector

Legislative Requirement

Summary

This Item presents a proposal to reduce Elected Member numbers to Council for consideration and, if satisfactory, adoption.

Background

Every local government is required to conduct a review of its representation every eight years in accordance with Schedule 2.2 of the *Local Government Act 1995*. At its May 2020 Meeting Council resolved to initiate a Review of Representation and endorsed the distribution of a Discussion Paper for public consultation (CMRef 0198). After the statutory 6-week public consultation period Council considered public submissions at its August 2020 meeting and resolved to retain eight councillors (Item 11.1).

In July 2022, the Minister of Local Government announced the final package of proposed local government reforms. As part of the reforms to strengthen local democracy and increase community engagement, new requirements will be introduced to provide for:

- the introduction of optional preferential voting;
- directly elected mayors or presidents;
- councillor numbers based on population; and
- the removal of wards.

Many of the reform proposals related to council representation are based on recent trends and are intended to provide greater consistency between districts. Accordingly, for more than half of all local governments, the reforms will not require any specific change to the size or structure of the council.

However, the reform proposals do require some local governments to:

- reduce the number of elected members on council in accordance with population thresholds;
- change from a council elected mayor or president to a directly elected mayor or president (this reform only affects band 1 and 2 local governments); or
- abolish wards (for band 3 and 4 local governments with wards); or
- implement more than one of the above.

The Amendment Act will also provide the optional preferential voting will apply for all local government elections. Optional preferential voting means that all electors have the choice to number for as many or as few candidates as they wish.

Due to these reforms, Council at its October 2022 Meeting, resolved to undertake a Review of Representation and endorsed the distribution of a Discussion Paper for public consultation (CMRef 0677).

A statutory 6-week public consultation period is required hence the Review was advertised in the Dowerin Despatch on Friday 28 October 2022 (and again on Friday 25 November 2022), as well as on the Shire's website and social media pages.

The closing date for submissions was Friday 9 December at 4.00pm.

Comment

At the close of the public consultation process, no submissions had been received.

In considering whether, or not, to propose a change to the number of elected members, Council is to have regard to the following:

Community of Interests

The term "community of interests" has a number of elements. These include a sense of community identity and belonging, similarities in the characteristics of the residents of a community and similarities in the economic activities. It can also include dependence on shared facilities in an area as reflected in catchment areas of local schools and sporting teams or the circulation areas of the local newspaper.

Neighbourhoods are important units in the physical, historical and social infrastructure and often generate a feeling of community and belonging.

For a district the size of Dowerin, it could be argued that Community of Interests may mostly apply to districts which contain wards as otherwise, with all Councillors elected to represent all aspects and constituents of the district, the "community of interest" is the whole district.

One of the submissions suggest that some community members may only feel confident in contacting certain Councillors. While the reasons for that are not detailed in the submission, this could relate to personality conflicts, personal perceptions of any of the Councillors or where a community member does not share the same beliefs, values or principles of any of the Councillors.

However, it would not be expected that either retaining the current level of representation, or decreasing the level of representation, would have a significant or critical effect on these community of interests.

Physical and Topographic Features

These may be natural or man-made features. Water features, such as water courses and catchment boundaries, may be relevant considerations. Farmland, parks and reserves may be relevant, as may other man-made features, such as the rail line and other major and minor roads.

Dowerin is trans versed with a number of both natural and man-made features with the salt lakes and water courses including Tin Dog Creek running through various areas of the district as well as the rail line running north-south and a number of major roads such as the Dowerin-Kalannie Road running north-south and the Goomalling-Merredin Road running east-west.

However, as mentioned above, these may also be insignificant when considering that the main real divide would be between rural and town areas and so where all Councillors are elected to represent all aspects and constituents of the district, the physical and topographic features are across the whole district.

It would not be expected that either retaining the current level of representation, or decreasing the level of representation, would have a significant effect on these physical and topographic features.

Demographic Trends

Several measurements of the characteristics of human population size and its distribution by age, sex, occupation and location provide important demographic information. Current and projected characteristics will be relevant, as well as similarities and differences between areas within the Shire.

The 2021 Census detailed the population of Dowerin as 715 persons made up of 52.6% male and 47.4% female with a median age of 45 years. This compares to the 2016 Census which detailed the population of Dowerin as 690 persons made up of 50.2% male and 49.8% female with a median age of 43 years. The 2011 Census detailed the population of Dowerin as 678 persons made up of 348 males and 330 females with a median age of 43 years. Therefore, Dowerin's population is expected to remain mostly static with no major increases or decreases.

Again, the main difference within the district will be those within the rural areas and those within the townsite, as well as those who are employed and those who are not.

With Dowerin's population not expected to change significantly it would not be expected that either retaining the current level of representation, or decreasing the level of representation, would have a considerable effect on the Shire's demographic trends.

Having said that, there could be an argument for whether sufficient diversity on Council could be maintained with either the same level of representation, particularly when new Councillors are not elected to office, or where there is less representation, allowing specific interest groups to control Council's activities.

Economic Factors

Economic factors can be broadly interpreted to include any factor that reflects the character of economic activities and resources in the area. This may include the industries that occur in an area (or the release of land for these) and the distribution of community assets and infrastructure such as road networks.

The main industry within the district is agriculture which is spread across the rural areas with the farms themselves and into the townsite areas for businesses catering to agricultural needs such as machinery dealerships, seed cleaning, engineering, agribusiness consultants and suppliers as well as the usual retail, food and hospitality type businesses.

It would not be expected that either retaining the current level of representation, or decreasing the level of representation, would have a significant effect on the economic factors of the district aside from where there are changes to the diversity of Council, and the individual Councillor's alliances.

Councillor to Elector Ratio

It is expected that each local government will have similar ratios of electors to elected members across its municipality. The Local Government Advisory Board (LGAB) stipulates the importance of keeping the councillor/elector ratio preferably within plus or minus 10%, although that is only applicable to districts which contain wards, which Dowerin does not currently.

Dowerin currently has a councillor/elector ratio of 58:1 being 466 electors (as at the 2021 election) to eight councillors. Reducing the number of Councillors to seven would result in a ratio of 67:1 which is within the 10% variance allowed by the LGAB.

The **advantages** of a reduction in the number of councillors may include:

1. The decision making process may be more effective and efficient if the number of councillors is reduced. It is more timely to ascertain the views of a fewer number of people and decision making may be easier. There is also more scope for team spirit and cooperation amongst a smaller number of people.
2. The cost of maintaining councillors is likely to be reduced.
3. The increase in the ratio of councillors to electors is unlikely to be significant.
4. Consultation with the community can be achieved through a variety of means in addition to individuals and groups contacting their local councillor.
5. A reduction in the number of councillors may result in an increased commitment from those elected reflected in greater interest and participation in Council's affairs.
6. Fewer councillors are more readily identifiable to the community.
7. With legislated training requirements both prior to nomination and within the first 12 months of election, potential candidates may be deterred from nominating for Council.
8. With less offices on Council to fill, there may not be a need for a costly extraordinary election should the number of nominations not match the number of vacant offices on Council.
9. Fewer positions on Council may lead to greater interest in elections with contested elections and those elected obtaining a greater level of support from the community.
10. There is a State-wide trend for reductions in the number of councillors and many local governments have found that fewer councillors works well.

The **disadvantages** of a reduction in the number of councillors may include:

1. A smaller number of councillors may result in an increased workload and may lessen effectiveness. A demanding role may discourage others from nominating for Council.
2. There is the potential for dominance in the Council by a particular interest group.
3. A reduction in the number of councillors may limit the diversity of interests around the Council table.
4. Opportunities for community participation in Council's affairs may be reduced if there are fewer councillors for the community to contact.

5. A significant increase in the ratio of councillors to electors may place too many demands on councillors.

In considering all the above, perhaps it would be more pertinent to a local government such as Dowerin to consider the longer-term implications of being able to attract the necessary number of interested candidates to nominate for election to Council. This may be particularly true in light of the newly introduced, mandatory training which is required to be undertaken online prior to nomination and, for those successfully elected, the completion of five core modules within the first 12 months of their election. This, in addition to the current legislative, compliance and audit obligations to be adhered to by both Councillors and staff, may result in less candidates being willing to nominate or re-nominate for Council.

In those situations, it would be expected that an extra-ordinary election would need to be conducted. With the restraints on staff time and resources it is not possible for an election to be conducted in-house, hence the WA Electoral Commission would be required to conduct the election, which is a relatively expensive exercise (around \$12,000-\$14,000 per election). In addition, conducting an extra-ordinary election is no guarantee that a suitable candidate(s) will nominate and could essentially result in Council having to conduct two or more election processes to fill all vacancies.

Should Council wish to make a recommendation to the LGAB to reduce its level of representation, the changes, if endorsed by the LGAB and agreeable by the Minister, will be published in the Government Gazette and come into effect for the next local government election of October 2023.

The Officer's Recommendation takes into account the potential for interested and capable candidates nominating for Council in future years, and the significant costs to Council and the community in conducting extra-ordinary elections when the appropriate number of candidates cannot be achieved.

It is the Administration's belief that a reduction in representation from eight to seven will still adequately serve and represent the interests of Dowerin and its ratepayers.

Consultation

A mandatory 6-week public notice consultation period began on 28 October 2022 and closed on 9 December 2022. No submissions were received by the close of the consultation period.

Should Council wish to recommend a reduction in representation numbers, following the Ministers response on such a proposed reduction, a public notice will be issued to update the community of any changes to the Shire of Dowerin's Representation.

- (3) A local government is to carry out a review described in subclause (1) or (2) at any time if the Advisory Board requires the local government in writing to do so.

7. Reviews

- (1) Before carrying out a review a local government has to give local public notice advising —
 - (a) that the review is to be carried out; and
 - (b) that submissions may be made to the local government before a day fixed by the notice, being a day that is not less than 6 weeks after the notice is first given.
- (2) In carrying out the review the local government is to consider submissions made to it before the day fixed by the notice.

8. Matters to be considered in respect of wards

Before a local government proposes that an order be made —

- (a) to do any of the matters in section 2.2(1), other than discontinuing a ward system; or
 - (b) to specify or change the number of offices of councillor for a ward,
- or proposes under clause 4(2) that a submission be rejected, its council is to have regard, where applicable, to —
- (c) community of interests; and
 - (d) physical and topographic features; and
 - (e) demographic trends; and
 - (f) economic factors; and
 - (g) the ratio of councillors to electors in the various wards.

9. Proposal by local government

On completing a review, the local government is to make a report in writing to the Advisory Board and may propose* to the Board the making of any order under section 2.2(1), 2.3(3) or 2.18(3) it thinks fit.

* Absolute majority required.

10. Recommendation by Advisory Board

- (1) Where under clause 5(b) a local government proposes to the Advisory Board the making of an order under section 2.2(1), 2.3(3) or 2.18(3), and the Board is of the opinion that the proposal is —
 - (a) one of a minor nature; and
 - (b) not one about which public submissions need be invited,

the Board, in a written report to the Minister, is to recommend the making of the order but otherwise is to inform the local government accordingly and the local government is to carry out a review.

- (2) *Where under clause 9 a local government proposes to the Advisory Board the making of an order of a kind referred to in clause 8 that, in the Board's opinion, correctly takes into account the matters referred to in clause 8(c) to (g), the Board, in a written report to the Minister, is to recommend the making of the order.*
- (3) *Where a local government proposes to the Advisory Board the making of an order of a kind referred to in clause 8, or that a submission under clause 4(2) be rejected, that, in the Board's opinion, does not correctly take into account the matters referred to in that clause –*
- (a) *the Board may inform the local government accordingly and notify the local government that a proposal that does correctly take those matters into account is to be made within such time as is set out in the notice; and*
- (b) *if the local government does not make a proposal as required by a notice under paragraph (a), the Board may, in a written report to the Minister, recommend* the making of any order under section 2.2(1), 2.3(3) or 2.18(3) it thinks fit that would correctly take into account those matters.*

** Absolute majority required.*

- (4) *Where a local government fails to carry out a review as required by clause 6, the Advisory Board, in a written report to the Minister, may recommend* the making of any order under section 2.2(1), 2.3(3) or 2.18(3) it thinks fit that would correctly take into account the matters referred to in clause 8.*

** Absolute majority required.*

11. Inquiry by Advisory Board

- (1) *For the purposes of deciding on the recommendation, if any, it is to make under clause 10(3)(b) or (4), the Advisory Board may carry out any inquiry it thinks necessary.*
- (2) *The Advisory Board may recover the amount of the costs connected with an inquiry under subclause (1) from the local government concerned as if it were for a debt due.*

12. Minister may accept or reject recommendation

- (1) *The Minister may accept or reject a recommendation of the Advisory Board made under clause 10.*
- (2) *If the recommendation is accepted the Minister can make a recommendation to the Governor for the making of the appropriate order.*

Financial Implications

Minimal costs were applicable for advertising the Review which are accommodated within Council's operating expenditure.

Should Council resolve to reduce its level of representation from eight to seven Councillors, the cost of Councillors will reduce by approximately \$8,239 per annum.

There could be significant financial implications to Council in the scenario where an ordinary election is held, and insufficient nominations are received for the available positions on Council. This would trigger an extra-ordinary election(s) which would cost between \$4,000-\$14,000 depending on the number of vacancies and nominations received.

12.6 Holberton Workers Accommodation – Development Approval (DA) Application

Purpose of Report

To inform the Council of the factors to consider when determining an application for Development Approval (DA) for the construction of workers accommodation, to an existing 'Rural Zone' land use at Lot 804 Rifle Range Road, Dowerin.

Executive Decision

Legislative Requirement

Summary

The Council is in receipt of a planning application, seeking retrospective Council approval for workers accommodation. Although this activity is not directly listed in the planning table, it should be noted that there are several other uses such as Camping Area and Bed & Breakfast activities that are permissible. The Rural zone objectives state, *"to encourage a diversification of rural activities that will reduce the dependency of the rural sector on traditional crops"*. As the workers accommodation is associated with a business, and the location ensures *"to provide for a range of rural pursuits that are compatible with the capability of the land and retain the rural character and amenity of the locality"*, workers accommodation is considered to align with the zone objectives. This also is supported by the Department of Planning Lands and Heritage Position Statement 'Workforce Accommodation' stating the following: *"Where practicable, workforce accommodation should be provided in established towns, in locations suitable to its context, to facilitate their ongoing sustainability. Planning and development of workforce accommodation should be consistent with local planning strategies and schemes, except where the Mining Act 1978 and State Agreement Acts prevail"*.

Description of Proposal

The applicant is proposing the construction of worker accommodation to provide suitable temporary housing for their contractors and sub-contractors to enable them to fulfil business obligations, which vary in volume of contracts for rail and road works. The development is located at Lot 804 Rifle Range Road, DOWERIN 6461 and is currently zoned 'Rural' under the Local Planning Scheme 'Shire of Dowerin Scheme No 2'. The Rural Zone objectives are as follows:

- To provide for a range of rural pursuits that are compatible with the capability of the land and retain the rural character and amenity of the locality.
- To protect land from urban uses that may jeopardize the future use of that land for other planned purposes that are compatible with the zoning.
- To protect the land from closer development that would detract from the rural character and amenity of the area.
- To prevent any development that may affect the viability of a holding.

- To encourage small scale, low impact tourist accommodation in rural locations.
- To encourage a diversification of rural activities that will reduce the dependency of the rural sector on traditional crops.

As the proposed development does not impact the street scape or rural amenity, it complies with the objectives set by the zoning.

Policy Implications

Relevant Plans and Policy:

There is no plan or local planning policy applicable to this proposal.

Statutory Environment

As to the planning framework 'Workers Accommodation' is assessed and determined under the provisions of the Shire of Dowerin Local Planning Scheme No.2. Accordingly, the following table provides a summary of legal and other requirements in relation to this proposal:

Shire of Dowerin Local Planning Scheme (LPS) No.2 (Statutory instrument)	
Current Zoning	'Rural' - See extract of Zoning Map below - green colour.

Figure 7 Extract of zoning map

Permissibility (Table 1 - Zoning Table)

As outlined in section 3.4 of the **Dowerin Planning Scheme No 2** a use not listed may determine the use is consistent with the zone's objectives and therefore permissible.

3.4 INTERPRETATION OF THE ZONING TABLE

3.4.1 Where a specific use is mentioned in the Zoning Table, it is deemed to be excluded from the general terms used to describe any other use.

3.4.2 If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may -

(a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;

(b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of Clause 64 of the deemed provisions in considering an application for development approval; or AMD 1 GG 01/08/17

(c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted

Definitions

Planning and Development (Local Planning Scheme) Regulations 2015 defines workforce accommodation as the following:

workforce accommodation means premises, which may include modular or relocatable buildings, used – (a) primarily for the accommodation of workers engaged in construction, resource, agricultural or other industries on a temporary basis; and (b) for any associated catering, sporting and recreation facilities for the occupants and authorised visitors.

Objectives

The Council's LPS 2 nominates the objectives of the Rural I Zone to:

- **To provide for a range of rural pursuits that are compatible with the capability of the land and retain the rural character and amenity of the locality.**
- *To protect land from urban uses that may jeopardise the future use of that land for other planned purposes that are compatible with the zoning.*
- *To protect the land from closer development that would detract from the rural character and amenity of the area.*

That Council, by Simple Majority, approves the Development Application as received on 2 December 2022, subject to the following conditions:

CONDITIONS

- 1. Rural workers using the workers accommodation are to be principally employed or engaged by the landowner/ agent Holberton Earthmoving Pty Ltd;**
- 2. All stormwater drainage from the proposed new infrastructure must be contained and disposed of on-site, in the already existing infrastructure;**
- 3. As the development is surrounded by crop land, a 20,000L above-ground bushfire fighting water tank constructed of non-combustible material must be installed within 20m of workers accommodation by 28 February 2023;**
- 4. Retrospective Building application for all structures to be submitted to Council by 28 February 2023.**

ADVICE NOTES

The following advice notes are offered in addition to the notes provided in Form 4 of Clause 86 of the Deemed Provisions on the approval granted in condition(s) above:

- a. This approval does not confer approval under other relevant legislation, including but not limited to, the *Building Act 2011* and *Health Act 2016*. It is the responsibility of the Applicant to determine any necessary approvals required and obtain such approvals prior to the commencement of development and use. However, to assist in understanding the necessary requirements and approvals, further information can be obtained by contacting the Shire of Dowerin.**
- b. Nothing in the approval shall excuse compliance with all relevant written laws in the commencement and carrying out of the development.**
- c. The applicant is advised a Building Permit is required prior to commencement of any building works. In this regard the applicant is advised that conditions relating to BAL assessment may result in conditions being imposed at the building permit stage to mitigate the risk for burning embers as part of a preventative approach to bushfire attack.**
- d. The applicant is advised of a right of appeal to the State Administrative Tribunal (SAT) subject to Part 14 of the *Planning and Development Act, 2005*. Appeals must be lodged to SAT within 28 days. Further information can be obtained from the SAT website - www.sat.justice.wa.gov.au.**

Summary

This Item presents the 2021/22 Annual Report to the Annual Electors Meeting.

Background

The annual financial statements for the year ended 30 June 2022 have been completed, as has the annual audit of those financial statements by Council's auditors, Macri Partners Chartered Accountants (Macri).

The Audit & Risk Committee adopted the 2021/22 Annual Report at its December 2022 meeting (CMRef 0699), with Council also adopting the 2021/22 Annual Report at its December 2022 Meeting.

The 2021/22 Annual Report is provided as an Attachment.

Comment

The 2021/22 Annual Report consists of the following parts:

1. 2021/22 Annual Financial Statements;
2. Independent Auditor's Report;
3. President's Report;
4. CEO's Report; and
5. Statutory Reports.

In addition, reports on the activities and events undertaken by the Shire for the financial year are included.

6.2 Losing our local shops

We are losing our local businesses and not supporting locally.

Coles is now delivering to Dowerin. This is a disgrace that locals are not supporting local businesses. Wyalkatchem has had two shops close just this week. It seems that the people that are purchasing out of town are the ones that can afford to purchase locally.

CEO advised that unfortunately the Shire are not able to prevent the likes of Coles and Easyway from delivering to town as they are not hawking on the street, which would require permits and intervention.

It is disappointing that we are talking about promoting moving to Dowerin and improving housing, but without jobs what is there to entice people to Dowerin?

6.3 Watering Town Gardens

Where are we as far as progressing utilising the waste water to water the townsite gardens, parks etc?

CEO advised we have submitted a grant application to extend the water reuse, however have been advised that the Minister has suspended proceedings and we will not have a response until the new year.

Mrs P Woods congratulated the Shire on the beautiful gardens in Dowerin. The CEO thanked Mrs Woods for her commendation.

6.4 Annual Financials

DCEO advised that rather than having a withdrawal from reserves, at the end of the financial year there was a gain of \$442,383 to the reserves.

6. GENERAL BUSINESS

5.1. Revisions to Shire of Dowerin 22/23 Yr Road Program funding allocations

The Shire of Dowerin (SoD) is seeking the Kellerberrin Sub-Group's approval to revise its 22/23 Yr RRG program funding allocations. The request has been included as **Attachment 5.1.1 - Shire of Dowerin RRG Projects Request For Change**. The SoD current endorsed program is shown in the table below, as per the WN RRG Funding Recoup Register.

Road Name	SLKs	Project Description	Total Cost
Koombekine North Road 4070003	2.28-4.45	Overlay pavement and apply a two coat seal at 7m width. Remove vegetation on shoulders and from table drains. One 300mm RCP will be replaced, install new guide posts and warning signage.	\$358,128
Cunderin-Minnivale Road 4070001	0.00-4.84	Recondition gravel shoulder, remove vegetation in the table drain and maintenance zone. Widen two 300mm RCP, reinstall guide posts and signage.	\$189,686
Dowerin-Koorda Road	10.80-11.80	Rehabilitate and reseal	\$248,220
Total Program Cost			\$ 796,034

Due to cost increases on the Koombekine North Road project causing a budget shortfall, the SoD is seeking to reallocate surplus funds from the Cunderin Minnivale Road project to Koombekine North Road to complete this project. There would be no alteration to the SoD's RRG overall funding allocation. This request involves the re-allocation of funding as outlined in the table below.

Road Name	SLKs	Project Description	Total Cost
Koombekine North Road 4070003	2.28-4.45	Overlay pavement and apply a two coat seal at 7m width. Remove vegetation on shoulders and from table drains. One 300mm RCP will be replaced, install new guide posts and warning signage.	\$423,148

Carried: 4/0	

Cr Darrel Huson voted in support of the motion.

5.2 Acceptance of Additional 2022/23 RRG Road Project Funding Allocations

At the WN RRG Meeting held on the 5th September 2022, additional 22/23 year RRG Project funding allocations for distribution between the Local Governments were announced, with the Kelleberrin sub group receiving a total of \$72,402. During the meeting the delegates endorsed allocating this funding to each SRRG member via Pro-rata based upon the APV Values.

An email was sent from the Kelleberrin SRRG Secretariat on 1 October 2022 to all delegates requesting confirmation on fundings allocations to their projects. Each shire provided a response by return email and new MCA's submitted. The requested allocations are outlined in the table below:

Council	Pro rata allocation of additional funds	Allocated Project
Shire of Cunderdin	\$13,240	Cunderdin-Minnivale Road – 50% 4060003 Goldfields Road - 50% 4060170
Shire of Dowerin	\$13,980	Koombekine North Road - 4070003
Shire of Kelleberrin	\$13,908	Doodlakine South Road - 4090007
Shire of Merredin	\$17,809	Goldfields Rd – 4140090
Shire of Tammin	\$13,436	York-Tammin Rd - 4250081

Recommendation	
<i>That the Kelleberrin Sub-Group ENDORSE the distribution of additional project funding received for 2022/23</i>	
Moved: Cr Bernie Daly	Seconded: Cr Rod Forsyth
Carried 4/0	

7. OTHER BUSINESS

7.1 Recoup Register

All members of the group except Merredin have completed all 40% claims and majority have claimed 80% payments. Merredin has completed all claims except for Goldfields Rd (4140090) and is working with MRWA to resolve figures in recoup register after variation request last year before putting through payment requests.

All members to confirm any *projects that are unlikely to be acquitted for the current financial year - identify if the project(s) can be recovered or funding be reallocated to reserve projects.*

ACTION: The relevant Local Governments to report to the RRG sub-Chair within two weeks of the meeting.

Everyone confirmed they are on track for the completion of their project by the end of the financial year.

7.2 Clearing Permits

Confirm necessary permits, third party approvals, proper scheduling, etc. are arranged for proposed projects and reserve projects for next financial year.

Cr Darrel Hudson – up to two years wait, WSNF looking at options to streamline process.

Craig Robertson – remove maintenance zones before submitting clearing permit.

Cliff Simpson – Toodyay and WSNF projects are being held up with clearing permits. Very easy (too easy) to submit appeals.

Romolo Patroni – one of the issues to be discussed and the WALGA Roads Forum.

Romolo Patroni – To be raised again at the RRG meeting in February.

Craig Robertson – everyone should be putting pressure on the department to advocate for change.

8. PRESENTATIONS AND UPDATES

8.1 Presentation on WALGA Road Safety Management System

Cliff Simpson – Regional Road Safety Advisor – WALGA

- Provided Safe system in a nutshell handout
- WALGA roadwise to move away from community works – moving towards supporting LG on local roads rather than Main Roads.
- LG productivity depends on safe roads
- Explanation on Safe System
- WALGA does not support blanket speed reductions but targeted ones have benefit

Cr Rod Forsyth – asked minimum width for line marking

Cliff Simpson - Minimum width for line marking is 5.5m

Stuart Hobleby – MRWA will say no because they do not want to have to repaint.

Ben Forbes – budget been cut for line marking by MRWA.

Craig Robertson – risk on putting centre lines on narrow roads, if shoulders are not accurate.

Stuart Hobleby – centre lines can also prevent turning circles for trucks, more considerations before installing line marking.

Cliff Simpson – WALGA is looking to advocate an extra component in RRG for safety treatments.

Cliff Simpson – Speed limit – speed limited reduction effective in town site, however wheatbelt does not have an issue.

Craig Robertson – eastern states 30km for school zones, MRWA likely to bring into WA in future.

Cr Bernie Daly – expressed need to leave at 11:00am

Cr Rod Forsyth – Discussed Kelleberrin's existing request to Mainroads WA to reduce the speed of GEH to 50km through the Kelleberrin town site.

Romolo Patroni – Should we move a motion?

Recommendation

That Kellerberin SRRG request that MRWA revisit Kellerberin's request to reduce the speed on GEH to 50km through the Kellerberin town site at the RRG Meeting to be held on the 27th February 2023

Moved: Cr Bernie Daly

Seconded: Cr Rod Forsyth

Carried: 4/0

Cr Darrel Hudson supported the motion.

8.2 Wheatbelt Secondary Freight Network Status Update

Cr Darrel Hudson - WSNF Steering Committee Voting Delegate

- *Any issues get in contact with Peter and John as early as possible. WSNF will consider variation request if reasonable.*
- *Clearing permits, requirements will be required 2 years before project scheduled for delivery*
- *Downside is that budget is more challenging to accurately allocate*
- *WSNF to go back to state government for additional funding as funding gap has been identified.*
- *Underspenders can not be moved to other projects with over spend on same road. All underspenders will need to go back to WSNF. Cunderdin to continue to push WSNF for funding to complete Cunderderin-quarading rd.*

Cr Bernie Daly, Stuart Hopley and Craig Robertson left 11:09.

Cr Bernie Daly – Goldfields-Quareding intersection is dangerous and needs to realignment.

Cr Darrel Huson – KSRRG does not use black spot funding enough

Fabian Houbrechts - MRWA should look after Blackspot funding. Flagged by councils to MRWA, MRWA to investigate and start process. MRWA website is too challenging to use.

Cr Darrel Hudson – Larger councils get blackspot funding because they have larger teams and internal skills

Summary

This Item presents the Regional Road Group (RRG) 5 Year Plan – Proposed Amendment to the Asset & Works Committee for consideration and, if satisfactory, recommendation to Council for adoption.

Background

There are 10 Regional Road Groups (RRG) in WA, established under the State Road Funds to Local Government Agreement which is overseen by a State Advisory Committee (SAC). The RRGs make recommendations to the SAC regarding the Annual Local Road Program for the region.

The RRG's are comprised of elected representatives from each Local Government within the road group. Most groups are supported by a sub-group or technical committee comprised of Local Government staff. Administrative support is provided by Main Roads WA. RRGs importantly provide Local Government with a voice on how the State Government's contribution to local roads is spent. RRG members serve a vital and valuable role in ensuring road funding decisions maximise community benefit and preserve and improve the public road network across Western Australia.

A RRG is responsible for:

- assessing road-funding submissions from its member local governments;
- the annual distribution of funds to local government roads; and
- monitoring and reporting on the effectiveness of applying funds to local government roads in its regions.

A RRG may establish a Regional Road Sub-Group to:

- assist to identify road funding priorities;
- consider local road issues to inform decision making by the RRG; and

- provide advice to the RRG.

Local Governments (via RRG) work collaboratively to review their local road network to produce an agreed strategic approach to allocate limited funding across the extensive local road network in WA.

Road Project Grants are to be used for specific projects that are assessed and prioritised by the Regional Road Groups in accordance with the State Road Funds to Local Government Procedures and the Roads 2030 Regional Strategies for Significant Local Government Roads. Funding is on a 2/3 State and 1/3 Local Government basis. Allocations are based on a five-year program.

Comment

The RRG Five (5) Year Program was presented to the Committee at its August 2022 meeting for consideration and endorsement to Council. At the 16 August 2022 Ordinary Council Meeting, Council adopted the RRG Five Year Program (CMRef 0645).

Inspections of local distributor roads identified that the floodway on the Koorda-Wongan Hills Road has failed posing a risk to all road users. After consultation with external specialists, this floodway was deemed a priority for repair. It is recommended to amend the RRG program to accommodate the floodway repair to be undertaken in 2023/2024. This will result in the deferment of the reconstruction of a section of the Cunderdin-Minnivale Road.

REVENUE

RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specified area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts and concessions offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Refers to all amounts received as grants, subsidies and contributions that are not non-operating grants.

NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of identifiable non financial assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

FEES AND CHARGES

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

SERVICE CHARGES

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. *Regulation 54 of the Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Exclude rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

INTEREST EARNINGS

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

OTHER REVENUE / INCOME

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, Regulation 34. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 00 January 1900

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

(a) Non-cash items excluded from operating activities

The following non-cash revenue and expenditure has been excluded from operating activities within the Statement of Financial Activity in accordance with Financial Management Regulation 32.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectable are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

All debenture repayments were financed by general purpose revenue.

Self supporting loans are financed by repayments from third parties.

DEM Interest Free Loan to be retired on mutual agreement.

The Budget did not provide for any new borrowing during the year.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

KEY INFORMATION

☹️ Indicates a variance between Year to Date (YTD) Actual and YTD Actual data as per the adopted materiality threshold.

Refer to Note for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 JANUARY 2023**

EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.

The material variance adopted by Council for the 2022-23 year is a value of more or less than \$10,000 or 10.00%.

By Nature or Type	Var. \$	Var. %	Timing/ Permanent	Explanation of Variance
	\$	%		
Revenue from operating activities				
Rates	(3,699)	(0.24%)		Within Variance
Operating grants, subsidies and contributions	105,126	14.23%	😊 Permanent	Financial Assistance Grant funding (\$314K) has been received higher than budgeted and Aged care grants are \$220K and Roads grants \$16K below YTD budget. These will be addressed with the budget review.
Fees and charges	61,794	12.45%	😊 Permanent	Private works (\$63K) revenue is higher than YTD budget. These will generally be offset with higher expenditure and will be considered with the budget review.
Sewerage charges	0	0.00%		Within Variance
Interest earnings	2,587	10.30%		Within Variance
Other revenue	21,455	67.53%	😊 Timing	Other revenue and reimbursements are higher than YTD budget.
Profit on disposal of assets	(42,120)	(100.00%)	😞 Timing	Once Assets that have been disposed are transacted in the Asset Register a profit/loss will be generated. This will be processed in February.

Employee costs	38,987	3.98%		Within Variance
Materials and contracts	53,291	5.13%		Within Variance
Utility charges	20,679	19.26%	😊 Timing	Utility costs are lower than YTD budget. This is likely a timing issue with the receipt and payment of invoices.
Depreciation on non-current assets	(262,906)	(21.10%)	😞 Permanent	Actual depreciation from the Asset register is higher than YTD budget, likely due to the revaluation in FY22. Staff will review depreciation rates to valuations and adjust asap.
Interest expenses	16,657	92.80%	😊 Timing	Staff will review budget timing of Loan interest with the budget review.

Opening funding surplus / (deficit)	(237,722)	(18.99%)	😞 Permanent	The opening funding Surplus is lower than Budgeted. This reduction is in the main due to the recognition of unspent Grants as at 30th June 2022. Staff will address these with the budget review, as increased budget allocations and revenue will need to be recognised in Fy23.

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, Regulation 34. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 00 January 1900

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

(a) Non-cash items excluded from operating activities

The following non-cash revenue and expenditure has been excluded from operating activities within the Statement of Financial Activity in accordance with Financial Management Regulation 32.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

All debenture repayments were financed by general purpose revenue.

Self supporting loans are financed by repayments from third parties.

DEM Interest Free Loan to be retired on mutual agreement.

The Budget did not provide for any new borrowing during the year.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

FENCING

Suitable

Materials used for fencing: The whole backyard is suitable colour bond fencing the whole way around.
 Height of fencing: 1.8m high.
 Locking devices on gates: The latches are on the outside of each gate, so the dogs can not reach them.

HOUSING

Suitable

Means of housing: All three dogs sleep inside. When outside they have an under-cover patio to protect them from any weather conditions.
 Bedding: The three dogs share a bed inside at night. They have sufficient bedding.
 Water supply: The dogs have a big shell pool outside for water. They also have access to a water bowl inside.

CONDITION OF EXISTING DOGS

Suitable

Details: All three dogs were very friendly and happy towards me and got along well with each other. They are in very good condition.
 Ranger notes: Applicant leaves all three dogs with their bark collars on during the day while they aren't home with the dogs to prevent them from wanting to bark.
 Letters were sent out to thirteen (13) adjoining and adjacent neighbours. The Shire of Dowerin received no objections.

HISTORY:

No previous history.

RECOMMENDATION

Standard Conditions

1. The approval being placed on the condition that the dogs do not prove to be a nuisance (to the satisfaction of Council) to adjoining or adjacent neighbours in terms of barking, aggressive behaviours and/or wandering.
2. The exemption applies only to the three (3) dogs stated on the application. Once any of the dogs are deceased, sold or otherwise disposed of, the exemption for that particular dog ceases to have effect.
3. The exemption will cease to have effect on the date of any conviction for an offence relating to The Dog Act 1976 in respect of any of the dogs, or any person in charge of those dogs.
4. The subject property must be kept clear of all animal excreta using proper disposal methods.
5. Adequate cover and protection are always to be available to the dogs.
6. The dogs are to be adequately confined in accordance with Section 3.1 of the Shire of Dowerin Dogs Local Law.
7. Access to the property is to be given to a Shire Officer for an annual inspection, or more regularly if the Shire so determines. Each inspection will be charged in accordance with the adopted Schedule of Fees and Charges.
8. A self-watering drinking device is to be installed in the house yard so that fresh clean water is always available.

31st January 2023

Shire of Dowerin
CEO Rebecca McCall
13 Cottrell Street
DOWERIN WA 6461

Dear Rebecca,

RE: AFL Football Goal Replacement

I am writing regarding the replacement of the set of damaged and outdated AFL football goals located on the oval at the Dowerin Recreation Grounds.

As per previous discussions, the DWFC wish to proceed with the funding arrangement of 1/3 contribution from the Shire of Dowerin, Dowerin Events Management and the Dowerin-Wylie Football Club. The quote for \$8,085 is attached. This was the cheapest quote received and is also favourable as they are West Australian based.

I would also request that the level of the reticulation sprinklers please be reviewed and rectified as soon as possible. The agreed depth of less than 20mm deep is an issue with many of the sprinklers with several of them well below 100mm. Whilst we understand that the levels will fluctuate during the growing process, we request they be tended to as soon as possible as they are becoming dangerous for the players during training.

We wish to invite you to our season launch which will be held at the Dowerin Community Club on Friday 10th March. We thank you and your staff for your assistance during the 2022 season and look forward to working together for a fruitful 2023 season. We will advise following our next committee meeting which days we would like to have our trainings this season.

Please find attached a copy of the fixtures for the 2023 season.

Please do not hesitate to contact me should you have any further queries.

Kind regards,
Matthew Couper
(President)

1. BASIS OF PREPARATION

The budget review has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from *AASB 16* which would have required the Shire of Dowerin to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this budget review have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget review has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Dowerin controls resources to carry on its functions have been included in the financial statements forming part of this budget review.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget review in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this budget review are rounded to the nearest dollar.

2022-23 ACTUAL BALANCES

Balances shown in this budget review report as YTD Actual are as forecast at the time of budget review preparation and are subject to final adjustments.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in the budget review relate to the original budget estimate for the relevant item of disclosure.

3 COMMENTS/NOTES - NET CURRENT FUNDING POSITION (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities.

FINANCIAL ASSETS AT AMORTISED COST

The Shire of Dowerin classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire of Dowerin applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire of Dowerin's operational cycle. In the case of liabilities where the Shire of Dowerin does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire of Dowerin's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire of Dowerin prior to the end of the financial year that are unpaid and arise when the Shire of Dowerin becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire of Dowerin recognises revenue for the prepaid rates that have not been refunded.

EMPLOYEE BENEFITS

Short-Term Employee Benefits

Provision is made for the Shire of Dowerin's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Dowerin's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current of financial trade and other payables in the statement position. Shire of Dowerin's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

PROVISIONS

Provisions are recognised when the Shire of Dowerin has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire of Dowerin are recognised as a liability until such time as the Shire of Dowerin satisfies its obligations under the agreement.

KEY INFORMATION

POLICY NUMBER	-	2.1
POLICY SUBJECT	-	2.1 Related Party Disclosures Policy
DATE ADOPTED	-	25 July 2017 (Item 10.1.3)
RESPONSIBLE OFFICER	-	Manager Corporate & Community Services Deputy Chief Executive Officer
REVIEWED	-	21 February 2023 (CMRef XXXX) 22 January 2019 (Item 10.2.2)

Objective

The purpose of this Policy is to provide guidance to the Shire in the preparation of financial statements to ensure disclosure requirements are met for AASB 124 Related Party Disclosures.

This policy applies and provides guidance to Related Parties of the Shire and their Related Party Transactions ~~with the Shire. This policy provides guidance in determining Related Parties of the Shire along with associated transactions and~~ outstanding balances, materiality and disclosure requirements with the Shire.

Definitions

AASB 124 means the Australian Accounting Standards Board, Related Party Disclosures Standard.

Arm's Length Terms – Terms between parties that are reasonable in the circumstances of the transaction that would result from:

1. neither party bearing the other any special duty or obligation; and
2. the parties being unrelated and uninfluenced by the other; and
3. each party having acted in its own interest.

Asset - A physical component of a facility which has value, enables a service to be provided and has an economic life of greater than 12 months.

Close members of the family of a person - are those family members who may be expected to influence, or be influenced by, that person in their dealings with the Council and include:

1. that person's children and spouse or domestic partner;
2. children of that person's spouse or domestic partner; and
3. dependants of that person or that person's spouse or domestic partner.

Control – Control of an entity is present when there is:

1. power over the entity; and
2. exposure or rights to variable returns from involvement with the entity; and
3. the ability to use power over the entity to affect the amount of returns received.

Entity can include a body corporate, a partnership or a trust, incorporated, or unincorporated group or body.

Incorporated Association means an association incorporated under the *Associations Incorporation Act 2015*.

Joint Control – The contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Joint Venture – An arrangement of which two or more parties have joint control and have right to the net assets of the arrangement.

Key Management Personnel (KMP)- means those persons having authority and responsibility for planning, directing and controlling the activities of the Council, directly or indirectly and includes Councillors, the Chief Executive Officer and senior executive employees, as defined in Section 1 of this Policy.

KMP Compensation means all forms of consideration paid, payable, or provided in exchange for services provided, and may include:

1. Short-term employee benefits, such as wages, salaries and social security contributions, paid annual leave and paid sick leave, profit sharing and bonuses (if payable within twelve months of the end of the period) and non-monetary benefits (such as medical care, housing, cars and free and subsidised goods or services) for current employees;
2. Post-employment benefits such as pensions, other retirement benefits, post-employment life insurance and post-employment medical care;
3. Other long-term employee benefits, including long-service leave or sabbatical leave, jubilee or other long-service benefits, long-term disability benefits and, if they are not payable wholly within twelve months after the end of the period, profit sharing, bonuses and deferred compensation;
4. Termination benefits; and
5. Share-based payment.

Material (materiality) means the assessment of whether the transaction, either individually or in aggregate with other transactions, by omitting it or misstating it could influence decisions that users make on the basis of an entity's financial statements. For the purpose of this policy, it is not considered appropriate to set either a dollar value or a percentage value to determine materiality.

Ordinary Citizen Transaction means a transaction that an ordinary citizen of the community would undertake in the ordinary course of business with Council.

Possible (Possibly) close members of the family of a person are those family members who could be expected to influence, or be influenced by, that person in their dealings with the Council and include:

1. that person's brothers' and sisters';
2. aunts', uncles', and cousins' of that person's spouse or domestic partner;
3. dependants of those persons' or that person's spouse or domestic partner as stated in (b2); and
4. that person's or that person's spouse or domestic partners', parents' and grandparents'.

Record means any record of information however recorded and includes- anything on which there is writing, a map, plan, diagram or graph, a drawing, pictorial or graphic work, photograph; or anything from which images, sounds or writings can be reproduced.

Related Party Transaction is a transfer of resources, services or obligations between a Council and a related party, regardless of whether a price is charged.

Significant (significance) means likely to influence the decisions that users of the Council's financial statements make having regard to both the extent (value and frequency) of the transactions, and that the transactions have occurred between the Council and related party outside a public service provider/ taxpayer relationship.

Policy

Related Party relationships are a normal feature of commerce and business. For example, entities frequently carry on parts of their activities through subsidiaries, joint ventures and

associates. In those circumstances, there is the possibility of the entity having the ability to affect the financial and operating policies of Council through the presence of control, joint control or significant influence.

A Related Party relationship could influence the normal business operations of Council. In some instances, Council may enter into transactions with a Related Party that unrelated parties would not. For example, goods are supplied to Council on terms that might not be offered to other customers. Also, transactions between Related Parties may not be made on the same terms as between unrelated parties.

The normal business operations of Council may be affected by a Related Party relationship even if Related Party Transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the Council with other parties. Alternatively, one party may refrain from trading with Council because of the significant influence of another—for example, a local supplier may be instructed by its parent not to engage in supplying goods to Council. For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect assessments of Council's operations by users of financial statements, including assessments of the risks and opportunities facing the Council.

Council in complying with disclosure requirements of AASB 124, will:

1. Identify key management personnel, related party relationships, related party transactions and ordinary citizen transactions;
2. Identify information about the related party transactions for disclosure;
3. Assess materiality of transactions captured;
4. Identify the circumstances in which disclosure of the items in (2) and (3) are required; and
5. Determine the disclosures to be made about those items in the General Purpose Financial Statements for the purpose of complying with AASB 124.

Identification of Key Management Personnel (KMP)

~~AASB 124 defines KMP's as "those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity".~~

~~KMP's for the Council are considered to include:~~

- ~~1. Councillors (including the Shire President);~~
- ~~2. Chief Executive Officer; and~~
- ~~3. The Management Team.~~

Identification of Related Parties

A person or entity is a related party of Council if any of the following apply:

1. They are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
2. They are an associate or belong to a joint venture of which Council is part of.
3. They and Council are joint ventures of the same third party.
4. They are part of a joint venture of a third party and Council is an associate of the third party.
5. A post-employment benefit plan for the benefit of employees of either Council or an entity related to Council.
6. They are controlled or jointly controlled by *Close members of the family of a person*.
7. They are identified as a *close or possibly close member of the family of a person* with significant influence over Council or a *close or possibly close member of the family of a person* who is a KMP of Council.
8. They, or any member of a group of which they are a part, provide KMP services to Council.

For the purposes of this Policy, related parties of Council are:

1. Entities related to Council;
2. Key Management Personnel (KMP) of Council;

3. Close family members of KMP;
4. Possible close family members of KMP's; and
5. Entities or persons that are controlled or jointly controlled by KMP, or their close family members, or their possible close family members.

Review of Related Parties

KMP will be required to complete a 'Related Party Disclosure Declaration' form once every twelve months (July to June) and submit to the ~~Corporate Services Manager~~Deputy Chief Executive Officer. In addition to this, events may warrant additional disclosure during the year. Such events include both ordinary and extraordinary Council Elections, terminations of KMP or appointments of KMP.

The primary identification method of close family members and associated entities of Key Management Personnel shall be by (but not limited to) KMP self-assessment. KMP have a responsibility to identify and report any changes to their related parties as they occur.

If any elected member or employee believes a transaction may constitute a related party transaction they must notify the Chief Executive Officer who will, in consultation with the ~~Corporate Services Manager~~Deputy Chief Executive Officer, make a determination on the matter.

Identification of Control or Joint Control

A person or entity is deemed to have control if they have:

1. power over the entity;
2. exposure, or rights, to variable returns from involvement with the entity; and
3. the ability to use power over the entity to affect the amount of returns.

To jointly control, a person or entity must have contractual rights or agreed sharing of control of the entity, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

All regional councils and regional subsidiaries meet the definition of a related entity.

Required Disclosures and Reporting

AASB 124 states Council must disclose the following financial information in its financial statements for each financial year:

1. *Disclosure of any related party relationship* - must disclose in the annual financial statements its relationship with any related parties or subsidiaries (where applicable), whether or not there have been transactions within the relevant reporting period.
2. *KMP Compensation Disclosures* - must disclose in the annual financial statements KMP for each of the categories of compensation (as defined in the definitions of this Policy) in total.

Related Party Transactions Disclosures

The Standard defines a related party transaction as being a 'transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged'.

The Shire deems the following transactions with a Related Party to be a Related Party Transaction (but not limited to):

1. Purchase or sale of goods;
2. Purchase or sale of property and other assets;
3. Rendering or receiving services;
4. Leases;
5. Quotations and/or tenders;
6. Commitments;
7. Settlements of liabilities on behalf of Council or by Council on behalf of the related party;
8. Guarantees given or received;
9. Loans and Settlements of liabilities;

10. Expense recognised during the period in respect of bad debts;
11. Provision for doubtful debts relating to outstanding balances;
12. Grants and subsidy payments made to associated entities of Council;
13. Non-monetary transactions between Council and associated entities of Council;
14. Other goods and services provided by Council to associated entities of Council;
15. Compensation made to key management personnel;
16. Fees and charges charged to related parties;
17. Infrastructure contributions and application fees from related parties;
18. Purchase of materials and services from related parties; and
19. Employee expenses for close family members of key management personnel.

Council must disclose all **material** and **significant** Related Party Transactions in its annual financial statements and include the following detail:

1. The nature of the related party relationship; and
2. Relevant information about the transactions including:
 - a. The amount of the transaction;
 - b. The amount of outstanding balances, including commitments, and their terms and conditions, including whether they are secured, and the nature of the consideration to be provided in the settlement; and details of any guarantee given or received.
 - c. Provision for doubtful debts related to the amount of outstanding balances; and;
 - d. The expense recognised during the period in respect of bad or doubtful debts due from related parties.

The following matters must be considered in determining the materiality and significance of any related party transactions:

1. Significance of transaction in terms of size;
2. Whether the transaction was carried out on non-commercial terms;
3. Whether the transaction is outside normal day-to-day business operations, such as the purchase and sale of assets;
4. Whether the transaction is disclosed to regulatory or supervisory authorities;
5. Whether the transaction has been reported to senior management; and
6. Whether the transaction was subject to Council approval.

Regard must also be given for transactions that are collectively, but not individually significant.

Related Party Transactions that are not considered to be material do not need to be disclosed. A key assessment on whether a transaction is material is whether knowledge of the relationship and terms and conditions could influence a user's understanding of the impact on the financial statements or influence their decisions (i.e. in their vote by Councillors). In determining materiality, Council and management will consult with the Audit Committee and external auditor as required.

Disclosures that Related Party Transactions were made on terms equivalent to those that prevail in arm's length transactions can only be made if such terms can be substantiated.

All transactions involving Related Parties will be captured and reviewed to determine materiality or otherwise of such transactions, if the transactions are Ordinary Citizen Transactions (OCTs), and to determine the significance of each of the transactions.

Ordinary Citizen Transaction (OCT)

The Shire acknowledges that there are Related Party Transactions that also satisfy the definition of an Ordinary Citizen Transaction (OCT). An OCT is a transaction that occurs on terms and conditions no different to those applying to the general public and has been provided in the course of delivery public service objectives. The Shire will not disclose such related party transaction in the financial statements.

The Shire has determined that the following transactions with related parties are Ordinary Citizen Transactions and do not need to be disclosed:

1. Use of Council facilities, equipment and services in accordance with Council's fees, charges and policies;

2. Payment of rates and charges;
3. Attendance at Council functions and activities that are open to the public;
4. Payment of fines and other penalties on normal terms and conditions; and
5. Related party transactions occurring during the course of delivering Council's public service objectives and which occur on no different terms to that of the general public.

Amendments to transactions classified as Ordinary Citizen Transactions may be identified from time to time and this policy will be amended accordingly.

Inspection of Local Government information is regulated under the *Local Government Act 1995* (Sections 5.93, 5.94 and 5.95) and the provisions of the *Freedom of Information Act 1992* also apply. Information provided by KMP and other related parties will be held for the purpose of compliance with the Shire's reporting obligations and will be disclosed for compliance or legal reasons only.

The ~~Corporate Services Manager~~Deputy Chief Executive Officer will also review other information held by the Shire including but not limited to:

1. Minutes of Ordinary Meetings of Council and Committee Meetings;
2. Disclosure of Interests Register; and
3. Gift Register.

Objective

The Shire of Dowerin is committed to organisation-wide risk management principles, systems and processes that ensure consistent, efficient, and effective assessment of risk in all planning, decision making and operational processes.

Definition of Risk

AS/~~NZS~~/ISO 31000:2009-2018 defines risk as “the effect of uncertainty on objectives.”

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative, or a deviation from the expected. An objective may be financial, related to health and safety, or defined in other terms.

Definition of Risk Management

Co-ordinated activities to direct and control an organisation with regard to risk (ISO Guide 73).

Definition of Management Process

Systematic application of management policies, procedures and practices to the activities of communicating, consulting, establishing the context, and identifying, analysing, evaluating, treating, monitoring and reviewing risk.

Policy

The Shire of Dowerin considers risk management to be an essential management function in its operations. It recognises that the risk management responsibility for managing specific risks lies with the person who has the responsibility for the function, service or activity that gives rise to that risk.

Council is committed to the principles of managing risk as outlined in AS/~~NZS~~/ISO 31000:2009-2018. The Shire of Dowerin will manage risks continuously using a process involving the identification, analysis, evaluation, treatment, monitoring and review of risks. It will be applied to decision making through all levels of the Organisation in relation to planning or executing any function, service or activity.

In particular it will be applied to:

1. Implementation of policies;
2. Strategic planning;
3. Decision making;
4. Corporate governance and compliance;
5. Expenditure of large amounts of money;
6. New strategies and procedures;
7. Managing projects;

8. Introducing significant change;
9. The management of sensitive issues; and
10. Operational management.

Risk Management Objectives

1. The achievement of organisational goals and objectives;
 2. Limited loss or damage to property and other assets;
 3. Limited interruption to business continuity;
 4. Positive public perception of Council;
 5. The ongoing health and safety of all employees at the workplace;
 6. Ensuring public safety within the Council's jurisdiction is not compromised; and
 7. Application of equal opportunity principles in the workforce and the community.
-

Roles and Responsibilities

1. The CEO is responsible for the:
 - a. Implementation of this Policy;
 - b. Measurement and reporting on the performance of risk management;
 - c. Review and improvement of this Policy and the Shire's Risk Management Framework at least annually or in response to a material event or change in circumstances.
2. Senior Managers, Coordinators and Supervisors have the responsibility and accountability for ensuring that all staff manage risks within their own work areas. In each of these areas, risks should be anticipated, and reasonable protective measures taken.
3. All Managers will encourage openness and honesty in the reporting and escalation of risks. All staff will be encouraged to alert management to the risks that exist within their area, without fear of recrimination.
4. All staff will, after appropriate training, adopt the principles of risk management and comply with all policies, procedures and practices relating to risk management.
5. All staff will, as required, conduct risk assessments during the performance of their daily duties. The level of sophistication of the risk assessment will be commensurate with the scope of the task and the associated level of risk identified.
6. Failure by staff to observe reasonable directions from supervisors regarding the management of risks and/or failure of staff to take reasonable care in identifying and treating risks in the workplace may result in disciplinary action.
7. It is the responsibility of every department to observe and implement this policy in accordance with procedures and initiatives that are developed by management from time to time.
8. Council is committed morally and financially to the concept and resourcing of risk management.

Risk Assessment and Acceptance Criteria

The Shire quantified its generic risk appetite through the development and endorsement of the Shire's Risk Assessment and Acceptance Criteria. The criteria are included within the Risk Management Framework and as a component of this policy.

All organisational risks are to be assessed according to the Shire's Risk Assessment and Acceptance Criteria to allow consistency and informed decision making. For operational requirements such as projects or to satisfy external stakeholder requirements, alternative risk assessment criteria may be utilised, however these cannot exceed the organisation's appetite and are to be noted within the individual risk assessment.

Monitor & Review

The Shire will implement and integrate a monitor and review process to report on the achievement of the risk management objectives, the management of individual risks and the ongoing identification of issues and trends.

This policy will be kept under review by the Shire's Management Team and its Employees. It will be formally reviewed every two years.

Objective

To provide clear guidance to Councillors, employees, contractors and sub-contractors relating to public interest disclosures in accordance with the *Public Interest Disclosures Act 2003*.

To assist in ensuring the highest standards of ethics in behaviour are maintained in accordance with the Shire of Dowerin's objective of achieving a high performing organisation that serves its community efficiently and with high standards of integrity.

To ensure the Shire of Dowerin Integrity is trusted by the community it serves and is accountable for its actions.

Policy

This policy applies to all Councillors, employees, contractors and sub-contractors of the Shire of Dowerin.

Principles

The Shire of Dowerin does not tolerate corrupt or other improper conduct, including mismanagement of public resources, in the exercise of the public functions of the Shire of Dowerin and its elected members, employees and contractors.

The Shire of Dowerin is committed to the aims and objectives of the *Public Interest Disclosure Act 2003* (PID Act). It recognises the value and importance of contributions of employees to enhance administrative and management practices and strongly supports disclosures being made by employees as to corrupt or other improper conduct.

As a proper authority, the Shire of Dowerin is responsible for:

- Receiving disclosures;
- Investigating disclosures;
- Taking appropriate action; and
- Reporting.

The Shire of Dowerin will take all reasonable steps to provide protection to employees who make such disclosures from any detrimental action in reprisal for the making of a public interest disclosure.

The Shire of Dowerin will not tolerate any of its elected members, employees or contractors engaging in acts of victimisation or reprisal against those who make public interest disclosures.

POLICY NUMBER	-	2.5
POLICY SUBJECT	-	2.5 Common Seal & Document Signing Policy
DATE ADOPTED	-	18 August 2020 (CMRef 0265)
RESPONSIBLE OFFICER	-	Executive & Governance Officer
REVIEWED	-	27 February 2023

Objective

To establish in accordance with the requirements of Section 9.49A of the *Local Government Act 1995* (the Act):

1. Protocols for affixing and administration of the Shire of Dowerin Common Seal; and
 2. Authority for the Chief Executive Officer (CEO) and other nominated officers to sign (execute) documents on behalf of the Shire of Dowerin.
-

Policy

A document is considered to have been duly executed when signed in the following ways;

- By affixing the common seal; or
- By the Chief Executive Officer, another employee or agent of the local government who has been authorised by resolution of the Council to sign documents on behalf of the local government.

If any of the following specify a particular way that a document is to be executed, it will take precedence over this Policy.

- Legislation;
- The formal requirements of a Commonwealth or State department, authority or agency (as described in a Policy or procedure); or
- Council decision.

Affixing Common Seal

The common seal is not to be affixed unless authorised by Council and may only be affixed in the presence of the Shire President and Chief Executive Officer, each of whom is to sign the document to attest that the common seal was so affixed.

In the absence of the Shire President and/or the Chief Executive Officer, the Deputy Shire President and Acting Chief Executive Officer are authorised to affix the common seal.

Council authorisation may be in the form of a specific Council resolution or as detailed within this policy.

Common Seal Register

Details of all instances where the common seal has been affixed will be recorded in a signed register.

The CEO will provide a monthly report to Council listing the documents that the Common Seal has been applied to (this is included in the Monthly Information Report provided to Council).

Execution by Authorised Officers

Officers identified in Appendix A of this policy are authorised for the purposes of section 9.49A of the *Local Government Act 1995* to sign those documents on behalf of the Shire of Dowerin.

Officers are restricted to executing documents, in accordance with this policy, that are directly related to their area of responsibility.

In the absence of an authorised officer, another officer may only execute the document where they have been appointed to act in the authorised officer's position.

It is the responsibility of the authorised officer to ensure they fully understand what they are executing on behalf of the Council and to assess the document to ensure it is appropriate for signing. Any queries must be addressed before this process is completed.

Documents and communications which relate to day-to-day routine communications or transactions do not require specific authorisation through this policy as they are the subject of Section 5.41(d) of the Act prescribing the Chief Executive Officer's duty to manage the day to day operations of the Shire of Dowerin. Such duties are undertaken by "acting through" officers.

DRAFT

POLICY NUMBER	-	2.6
POLICY SUBJECT	-	2.6 Senior Employees and Acting Chief Executive Officer Policy
DATE ADOPTED	-	26 March 2019 (Item 10.2.3)
RESPONSIBLE OFFICER	-	Chief Executive Officer
<u>REVIEWED</u>	-	<u>27 February 2023</u>

Objective

To designate the employee positions which are determined by the Shire as 'senior employees' for the purposes of Section 5.37 of the *Local Government Act 1995*.

To provide direction in the appointment of an Acting Chief Executive Officer during periods of less than 10 working days absence of the Chief Executive Officer.

Policy

Council has designated the following positions to be classified as 'Senior Employees' for the purpose of the Act:

1. ~~Manager Corporate & Community Services; and Deputy Chief Executive Officer~~
2. ~~Manager Works & Assets.~~

Acting Chief Executive Officer

Council has determined that employees that are appointed in one of the above positions are suitably qualified to be appointed as Acting CEO by the CEO, from time to time, when the CEO is on periods of leave subject to the following conditions;

1. The CEO is not an interim CEO or Acting in the position;
2. The term of appointment is no longer than 10 working days consecutive;
3. That the employee's employment conditions are not varied other than the employee is entitled at the CEO's discretion, no greater than the salary equivalent to that of the CEO during the Acting period.

In the case of the unavailability of the CEO due to an emergency, the Manager Corporate & Community Services is automatically appointed as the Acting CEO for up to 10 working days from commencement, and continuation is then subject to determination by the Council.

All other interim, Acting or CEO appointments to be referred to Council.

Roles and Responsibilities

Chief Executive Officer

The Chief Executive Officer is responsible for ensuring this policy is implemented.

Objective

To recognise and support the important contribution to our community made by the volunteer drivers of Dowerin Home Care (DHC), through the provision of a vehicle and an Allowance when transporting eligible residents to either Northam or Perth.

Policy

The Shire of Dowerin recognises and supports Dowerin Home Care's objective of caring for older residents who need assistance to keep living independently at home and in our community.

The Shire has agreed to provide a fully maintained vehicle for DHC volunteers to utilise when transporting eligible residents to appointments and activities in Northam and Perth that are not available within the Shire of Dowerin.

The Shire has also agreed to provide an Allowance to ensure volunteers are not out of pocket in any way when transporting our residents to Northam or Perth.

This Policy will be reviewed on an annual basis as part of budget deliberations.

The Allowance applicable to this Policy is:

1. \$15 per return trip to Northam; and
2. \$30 per return trip to Perth.

DATE ADOPTED	-	20 August 2019 (CMRef 0034)
RESPONSIBLE OFFICER	-	Manager Corporate & Community Services Chief Executive Officer
REVIEWED	-	27 February 2023 (CMRef XXXX)

Purpose

To detail the Shire of Dowerin’s commitment to Equal Opportunity.

Policy Statement

This Council recognises its legal obligations under the *Equal Opportunity Act 1984* and will actively promote equal employment opportunity based solely on merit to ensure that discrimination does not occur on the grounds of gender, marital status, pregnancy, race, disability, religious or political convictions.

This policy applies to all elected members, employees and contractors to the Shire of Dowerin.

Guidelines

1. All offers of employment within this Council will be directed towards providing equal opportunity to prospective employees provided their relevant experience, skills and ability meet the minimum requirements for engagement.
2. All employment training with this Council will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such training.
3. All promotional policies and opportunities with this Council will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such promotion.
4. The equal employment opportunity goals of this Council are designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.
5. ~~The Shire of Dowerin Council~~ will not tolerate harassment within its workplace. Harassment is defined as any unwelcome, offensive actions or remark concerning a person’s race, colour, language, ethnicity, political or religious convictions, gender, marital status or disability.

POLICY NUMBER	-	7.15
POLICY SUBJECT	-	7.15 Education and Assistance Policy
DATE ADOPTED	-	25 September 2018 (Item 10.1.1)
RESPONSIBLE OFFICER	-	Manager Corporate & Community Services <u>Deputy Chief Executive Officer</u>
REVIEWED	-	<u>27 February 2023 (CMRef XXXX)</u>

Objective

The Shire of Dowerin is committed to providing an environment in which its employees are adequately equipped to achieve their career and professional development needs relevant to their employment.

All employees have equal access to training and development opportunities promoted by the Shire and/or courses of study that will contribute to the improvement of their professional skills and knowledge relevant to their employment with the Shire, as identified in the staff performance review process.

This policy provides guidance in administering an employee's request for further education assistance and specifies what the types of expenses that will be reimbursed by the Shire will reimburse employees for expenses incurred as well as any leave allocation while undertaking approved courses of study, as part of their career planning.

Policy

The Shire of Dowerin supports and encourages employees to undertake studies appropriate to the needs of the Shire.

The Shire recognises that employees will from time to time aspire to upgrade their knowledge and skills.

1. Education (being acquisition of general, tertiary and professional skills and qualification) is the responsibility of the individual employee.
2. The Shire will provide regular opportunities for employees of the Shire to upgrade or enhance their skills.
3. This policy only applies to full time and part time employment. Employees who are a trainee, apprentice, casual and employees on a temporary contract of 12 months or less will not be eligible to apply.
4. The employee must gain Manager and Chief Executive Officer approval of the course prior to seeking assistance under this policy.
5. The Shire is supportive of employees who seek further education and, through the Chief Executive Officer, an application may be considered and/or approved under the following considerations:
 - a. the studies are relevant to the current position or potential future career development;
 - b. the extent to which the department/section will be inconvenienced;
 - c. the employees past work performance and behaviour.

Contribution to Fees

1. When it is financially advantageous to do so the Shire will consider paying the fees incurred upfront in order to receive any discount offered by their respective Educational Institution.
2. The employee pays for the fees and thereafter provides a copy of their receipt and statement of results at the end of the semester at which time the Shire will repay the employee up to 100% upon proof of completion and passing of the course. A statement of results as well as a copy of the payment receipt is required for reimbursement.
3. A repayment scale is applied if an employee leaves the Shire within 2 years from the date they received the payment:
 - a. Within 6 months - 100% repay to the Shire
 - b. Within 12 months - 75% repay to the Shire
 - c. Within 18 months - 50% repay to the Shire
 - d. Within 24 months - 25% repay to the Shire
4. The Shire will not make any contribution towards the books, parking, campus fines, memberships, guild fees, travel costs or other costs associated with the course of study undertaken.
5. All requests for assistance from the Shire should be made and approved within a financial year and not be carried into a second financial year.
6. The need for an employee to repeat a unit shall be deemed to be unsatisfactory performance and the employee will not receive further assistance from the Shire.
7. Fees paid to employees who work part-time hours will be calculated on a pro-rata system calculated as a percentage of a full time equivalent figure based on the employee's normal hours of work.
8. All costs, other than salaries, incurred under this policy will be costed against the Shire's training budget.

Leave Arrangements

The Shire will provide the opportunity for an employee to take time off (study leave) of up to 5 hours per week, provided that such time is made up and does not interfere with Council operations significantly, excepting in the case of employees classified as "trainee", "cadet" or "apprentice" where additional Study Leave may be granted by the Chief Executive Officer.

Roles and Responsibilities

Chief Executive Officer

The Chief Executive Officer has responsibility to ensure this policy is implemented.

POLICY NUMBER	-	4.1
POLICY SUBJECT	-	4.1 Fuel Stock Control Policy
DATE ADOPTED	-	24 October 2017 (Item 9.1.3)
RESPONSIBLE OFFICER	-	Assets and Works Coordinator
REVIEWED	-	

Objective

This policy provides guidelines for monitoring and managing the amount of fuel stock within the Shire to ensure that there are suitable levels of diesel available for operations at all times.

It is the responsibility of the Assets and Works Coordinator (AWC) to ensure that the fuel stock control policy is adhered to by all employees.

Policy

Purchase of Stock

It is AWC's responsibility to:

1. Identify fuel stock and ensure that appropriate levels are held at all times;
2. Monitor all fuel stock levels and 'stock turns' (how many times stock turns over in a year);
3. ~~Regularly review sales budgets and order necessary stock in line with budgets;~~
4. Negotiate with suppliers for best price, quality, delivery methods and returns policy;
5. Order all fuel stock required;
6. Maintain "preferred suppliers" list; and
7. Purchase of all fuel stock must be authorised by the AWC or DCEO.

All fuel stock purchases must be requested by using a purchase order and adhere to the purchasing policy.

Receiving Fuel Stock

When fuel stock is received from the supplier, it is the AWC or Leading Hand's responsibility to:

1. Review delivered items to delivery docket, including quantity, quality and completeness of order;
2. Match delivery docket to purchase order;
3. Store the fuel stock securely and in allocated area;
4. Update all fuel stock records for receipt of goods; and
5. Inform the AWC or DCEO of any under/over-supply of fuel stock.

Managing Stock

It is the AWC's responsibility to:

1. Identify fuel stock and ensure that appropriate levels are held at all times;
2. Monitor all fuel stock levels and stock turns;
3. ~~Regularly review sales budgets and ensure that fuel stock is ordered in line with budgets;~~
4. Monitor re-order levels and ensure orders are placed in adequate time to reduce non-availability of fuel stock;
5. Ensure that all staff are aware of new supplier, price changes and procedures for accurate recording of all fuel stock movements;

6. Ensure that there are adequate controls (physical and administrative) in place to minimise theft and/or waste of all stock items; and
 7. Organise and oversee physical stock take twice a year and match records of stock take to administrative and financial records.

POLICY SUBJECT	-	7.16 Prescription Safety Glasses Policy
DATE ADOPTED	-	22 January 2019 (Item 10.1.2)
RESPONSIBLE OFFICER	-	Manager Works & Assets
REVIEWED	-	

Objective

To comply with the *Occupational Health and Safety Act 1984* in providing appropriate personal protective equipment (PPE) for employees.

To provide prescription safety glasses for employees where optical aids are required and their regular duties require the use of safety glasses.

Policy

This policy applies to all Shire employees with the exception of employees on casual contracts, independent contractors and volunteers.

Reimbursing an employee for prescription safety glasses will only be approved when the safety glasses provided by the Shire, which fit over prescription glasses, do not fit properly and therefore are not fit for purpose.

If a reimbursement is approved, based on the above, the Shire will reimburse employees for the cost of prescription safety glasses up to a maximum value of \$200.

Employees may purchase glasses costing more than this amount, however they will only be reimbursed the prescribed amount above. If the amount is less than the prescribed amount or the employee obtains any kind of rebate which brings the total cost of the glasses to less than the prescribed amount, the Shire will only reimburse the employee for their out-of-pocket expenses. Employees wishing to be reimbursed will be required to produce:

1. A receipt for the glasses; and/or
2. A private health insurance or other rebate receipt (if applicable).

Employees are responsible for ensuring that all glasses purchased comply with the Australian/New Zealand standards:

1. AS/NZS 1337:1992 Eye protectors for industrial applications; and
2. AS/NZS 1338:1992 Filters for eye protectors.

Prescription safety glasses may be replaced where:

1. they are lost or stolen;
2. they are scratched or damaged during regular work duties; or
3. the employee's prescription changes.

Employees are entitled to one (1) pair of prescription safety glasses per financial year. The Shire will only consider replacing glasses more than once per year in extenuating circumstances.

LGE 028

Ms Rebecca McCall
Chief Executive Officer
Shire of Dowerin
13 Cottrell Street
DOWERIN WA 6461

Dear Ms McCall

Local Government Ordinary Election: 2023

The next local government ordinary elections are being held on 21 October 2023. While this is still some distance in the future, I have enclosed an estimate for your next ordinary election to assist in your 2023/2024 budget preparations.

The estimated cost for the 2023 election if conducted as a postal ballot is \$13,000 inc GST, which has been based on the following assumptions:

- 500 electors
- response rate of approximately 60%
- 4 vacancies
- count to be conducted at the offices of the Shire of Dowerin
- appointment of a local Returning Officer
- regular Australia Post delivery service to apply for the lodgement of the election packages.

An additional amount of \$125 will be incurred if your Council decides to opt for the Australia Post Priority Service for the lodgement of election packages.

The Commission is required by the *Local Government Act* to conduct local government elections on a full cost recovery basis and you should note that this is an estimate only and may vary depending on a range of factors.

Costs not incorporated in this estimate include:

- any legal expenses other than those that are determined to be borne by the Western Australian Electoral Commission incurred as part of an invalidity complaint lodged with the Court of Disputed Returns
- the cost of any casual staff to assist the Returning Officer on election day or night
- any unanticipated costs arising from public health requirements for the COVID-19 pandemic.

As you are aware, the Government is currently considering reforms to the *Local Government Act 1995*, which include how elections are to be conducted. In order to assist with your local government's budget planning, we have included, to the best of our knowledge, costs that will arise from the changes proposed in legislation. For example, if under the amendments your local government will be required to conduct a mayoral/presidential election this has been included.

Some local governments may also note an increase in costs from their 2021 ordinary costs. These include increases arising from inflation in recent years affecting salaries for Returning Officers and other staff, printing and packaging costs as well as the increase in postage announced by Australia Post. Additional costs from the Commission have been included arising from improved processing procedures and additional resources to supplement the Commission's education, complaints management, investigation and legal efforts.

In order for the Commission to be responsible for the conduct of your election, the first step required by the *Local Government Act 1995* is my written agreement to undertake the election.

As such, you may take this letter as my agreement to be responsible for the conduct of the ordinary elections in 2023 for the Shire of Dowerin in accordance with section 4.20(4) of the *Local Government Act 1995*, together with any other elections or polls that may also be required. My agreement is subject to the proviso that the Shire of Dowerin also wishes to have the election undertaken by the Western Australian Electoral Commission as a postal election.

In order to achieve this, your council would need to pass the following two motions by absolute majority:

- Declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2023 ordinary elections together with any other elections or polls which may be required
- Decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election.

It would be greatly appreciated if this item was considered at your March council meeting, to enable the Commission to have sufficient time to work with you to effectively conduct the election.

I look forward to conducting this election for the Shire of Dowerin in anticipation of an affirmative vote by Council. If you have any further queries please contact Shani Wood Director, Election Operations on 9214 0400.

Yours sincerely

Robert Kennedy
ELECTORAL COMMISSIONER
