Purpose of Report

Executive Decision

Legislative Requirement

Summary

This Item considers the decision to dissolve the Swimming Pool Reserve and establishment of a Roads and Infrastructure Reserve to Council for consideration and, if satisfactory, adoption.

Background

Reserves are established to set aside funds for specific projects as determined. Prior to the creation of a Reserve, Council will consider the following operating parameters in relation to the Reserve which are to identify:

1. The purpose of the Reserve;
2. The basis of calculation for any transfer to the Reserve;
3. The basis of calculation for any transfer from the Reserve.

Revenue to and expenditure from Reserves can only be authorised by resolution of the Council which clearly outlines the value of each transfer. Council will consider the transfer to and from reserves as part of the annual budget process based on strategic direction as outlined in the Long-Term Financial Plan, operational need and budgetary requirements.

Comment

The Swimming Pool Reserve was established to assist Council in funding the immediate costs related to maintain and undertake major repairs for the Dowerin Memorial Pool. Any repairs will result in an immediate cash flow impact on the Shire's finances which are still required to achieve day to day operations. It is deemed the reserve is no longer required as the purpose of the Recreation Reserve funds maintenance, upgrades and developments of recreation facilities, including the swimming pool.

During the 2022/23 budget deliberations, Council questioned if the purpose of the Swimming Pool Reserve remained relevant.

Upon review it was recommended that the Swimming Pool Reserve was no longer required as the purpose did not reduce business risk, improve financial management or strategic capacity.

In accordance with Policy 3.1 Financial Reserves when the need for a Reserve Fund is no longer required a report to Council is required to enable a decision on how to reallocate or utilise the remaining funds.

The adopted 2022/23 Budget will include a \$40,561 transfer from the Swimming Pool Reserve into the Recreation Reserve with the intent to dissolve the reserve.

During the 2022/23 budget deliberations, it was expressed to Council for the need to implement a Roads and Infrastructure Reserve.

The purpose of this reserve is for the new construction, maintenance, renewal or upgrade of drainage, footpaths, streets and roads.

Legislative Requirement

Summary

This Item presents the draft 2022/23 Budget to Council for consideration and, if satisfactory, adoption.

Background

The draft 2022/23 Budget has been compiled based on the principles contained in the Strategic Community Plan, with consideration for the *Local Government (COVID-19 Response) Ministerial Order 2020* as gazetted on 8 May 2020, and in accordance with presentations made to Council at budget workshops held in May and July 2022.

Further information provided to Council and considered at the budget workshops included proposed Programs for Plant Replacement, Capital Expenditure, Road Program, Building Maintenance and Asset Acquisitions.

Comment

The main features of the draft 2022/23 Budget include:

1. A breakdown of rate charges;
2. Schedule of Fees and Charges;
3. Refuse collection charges; and
4. Sewerage rates and charges.

Management has budgeted \$721,889 towards its Road Maintenance Program.

Proposed capital expenditure of \$4,000,142 includes the following:

1. A Capital Roads Program totalling \$3,710,766 are partially offset by Federal and State Road funding. The net impact of these works on Council funds is \$372,277.

2. A total of \$217,376 on other infrastructure includes Stewart Street Lighting Upgrade Stage 2, Park Lighting Upgrade, Townsite Greening Water Scheme Upgrade Stage 1, DCC Playground Surface Renewal, Tin Dog Walk - Stage 2; and
3. The following Plant and Equipment have been considered by Council for adoption in the 2022/23 Budget:

Shoring Box	\$10,000
Diesel Fuel Bowser - Shire Depot	\$10,000
Dual Cab 4x2 Team Leader	\$42,000
TOTAL	\$62,000

4. The following Capital improvements is a carry forward from the 2021/22 budgeted year and is fully grant funded:

Administration Toilet Refurbishment	\$10,000
TOTAL	\$10,000

The 2022/23 Budget will include a transfer from the Plant Reserve of \$62,000 towards the purchase of the Dual Cab 4x2, Diesel Fuel Bowser upgrade and the part Council contribution towards the Townsite Greening Water Scheme Project of \$30,000 will be funded from the Recreation Reserve. Transfers into Reserves of \$482,238 (inclusive interest of \$30,000) also forms part of the budget.

The estimated brought forward balance is \$1,251,657 however, it must be noted that this figure is unaudited and may change once the annual accounts are finalised. The major influence on the brought forward figure is a payment of \$1.2m made in June 2022 of Federal Financial Assistance Grants, an allowance for outstanding creditors relating to 2021/22 and a carried forward amount from uncompleted Local Road & Community Infrastructure Program (LRCIP) Grant projects.

In accordance with Clause 14 of the Ministerial Order, the following consideration apply to the preparation of the 2022/23 Budget as a result of the consequences of the COVID-19 pandemic:

1. Reduced interest rate from 11% to 7% being charged on penalty interest on outstanding amounts, however Council has adopted a 5% penalty interest on rates.

The Fees and Charges were adopted on 21 June 2022 (CMREF 0607) as part of the annual budget process. The OAG has determined that the sewer charges will not be identified as a separate line item in the operating statement of the budget and should form part of the fees and charges, therefore the following amendments are required:

Sewerage Rate in the Dollar	As per adopted rate in the dollar % increase		0.81241
Residential and Vacant Land Minimum Charge	As per adopted rate in the dollar % increase		398.00
Government Sewerage Fixed Charge	As per adopted rate in the dollar % increase		820.00
Commercial Sewerage Minimum Charge	As per adopted rate in the dollar % increase		820.00
First major fixture	As per adopted rate in the dollar % increase		260.00
Each additional fixture	As per adopted rate in the dollar % increase		119.00

The refuse collection fees that were adopted in 2022/23 Schedule of Fees and Charges at the 21 June 2022 Ordinary Council Meeting, as shown in table A, were incorrect due to the rate modelling of 4% not being ratified at the time and did not reflect in the refuse collection fees. Table B shows the rate modelling reflection of 4% in the refuse collection fees and charges.

SHIRE OF DOWERIN
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2023

1 (a) BASIS OF PREPARATION

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

The local government reporting entity
All funds through which the Shire of Dowerin controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the annual budget.

2021/22 actual balances
Balances shown in this budget as 2021/22 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

Budget comparative figures
Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

Comparative figures
Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Initial application of accounting standards
During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date

It is not expected these standards will have an impact on the annual budget.

New accounting standards for application in future years
The following new accounting standards will have application to local government in future years:

- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards

It is not expected these standards will have an impact on the annual budget.

Judgements, estimates and assumptions
The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

Rounding off figures
All figures shown in this statement are rounded to the nearest dollar.

SHIRE OF DOWERIN
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2023

1 (b) KEY TERMS AND DEFINITIONS - NATURE OR TYPE

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences safety expenses, medical examinations, fringe benefit tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

UTILITIES (GAS, ELECTRICITY, WATER, ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets includes loss on disposal of long term investments.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation and amortisation expense raised on all classes of assets.

INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or State taxes. Donations and subsidies made to community groups.

1 (c) KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

OBJECTIVE

ACTIVITIES

Governance

To provide a decision making process for the efficient allocation of scarce resources.

Includes the activities of members of council and the administrative support available to the council for the provision of governance to the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

General purpose funding

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

Law, order, public safety

To provide services to help ensure a safer and environmentally conscious community.

Supervision of various by-laws, fire prevention, emergency services and animal control

Health

To provide an operational framework for environmental and community health.

Food quality and pest control, operation of child health clinic, dental surgery and medical centre.

Housing

The provision of housing to staff.

Maintenance of staff and rental housing.

Community amenities

The provision of services required by the community.

All land (other than exempt land) in the Shire of Dowerin is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Dowerin.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

3 (d) NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Dowerin becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The Shire of Dowerin contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Dowerin contributes are defined contribution plans.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

SIGNIFICANT ACCOUNTING POLICES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

5. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

SIGNIFICANT ACCOUNTING POLICIES

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Asset Class	Useful life
Buildings	15 to 61 years
Furniture and equipment	4 to 10 years
Tools	10 to 20 years
Plant and equipment	10 to 27 years
Roads and streets	
- Formation	not depreciated
- Pavement	17 years
- Bridges	50 years
- Kerbing	25 years
Footpaths	25 years
Other Infrastructure	8 - 40 years
Parks & Ovals Infrastructure	17 years
Drainage Infrastructure	50 years
Wastewater infrastructure	20 years

AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

SIGNIFICANT ACCOUNTING POLICIES

Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

Interests in joint arrangements (Continued)

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.
